Doctor

- ❖ *graduate 6-year studies*
- ❖ *must be interested in biology and chemistry*
- ❖ *assiduous and disciplined person*
- ❖ *must be open-minded*

What is it like to be a doctor?

This is a person, that has enough knowledge on human's body actions in the health and various diseases. They have to interview all patients, then they have to propose all necessary researches, on this base, they can set down work list and patient treating, taking into account not only patient's condition, but also his/her finances, chances for treating and others parameters.

Thanks for attention!
