

## **Squares and Spirals by Mblock Based on Scratch**

**Teacher Norma Lisa Neiman (IT)**

### **SPIRALS BY Mblock Based on Scratch**

**LESSON PLAN:** 9<sup>th</sup> grade Students - 13-14 years old

**SUBJECT:** embedding coding square properties to art.

### **LESSON IDEA Squares and Spiral**

**Developing ideas from** past lesson plan spiral by construction

#### **AIMS:**

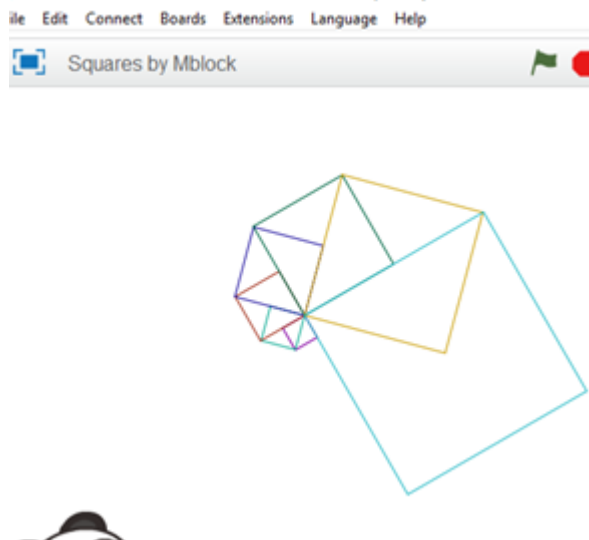

- Development Environment Mblock Based on Scratch cross curriculum with IT
- Coding by blocks
- Iteration
- Cartesian plane
- Reasoning on squares
- Reasoning on the Pythagorean Theorem
- Using properties of squares
- Investigating on the angles in rotation and motion
- Using properties of squares to create an art outcome

#### **PROCESS:**

1. We investigated the Development Environment Mblock based on Scratch
2. We programmed coding by blocks and using scripts from Event, Motion, Pen and Control after reasoning on the cartesian plot, concept of angles and motion, segments and motion, properties of squares, relation between side and diagonal
3. We investigated on the iteration repeat
4. Coding by block and programming an avatar that moves and designs the squares: the side of the following square is the diagonal of the previous one
5. The students uploaded their work on easyclass at the end of their assignment

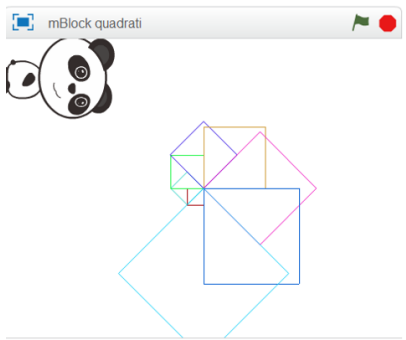

# OUTCOMES

Alessandro Vacaru

```
when clicked
go to x: 0 y: 0
clear
set pen color to red
set pen size to 2
pen down
repeat 4
  move 20 steps
  turn 90 degrees
turn 45 degrees
set pen color to blue
set pen size to 2
repeat 4
  move 20 steps
  turn 90 degrees
turn 45 degrees
set pen color to green
set pen size to 2
repeat 4
  move 20 steps
  turn 90 degrees
turn 45 degrees
set pen color to yellow
set pen size to 2
repeat 4
  move 20 steps
  turn 90 degrees
turn 45 degrees
set pen color to cyan
set pen size to 2
repeat 4
  move 20 steps
  turn 90 degrees
turn 45 degrees
set pen color to red
set pen size to 2
repeat 4
  move 20 steps
  turn 90 degrees
turn 45 degrees
set pen color to blue
set pen size to 2
repeat 4
  move 20 steps
  turn 90 degrees
turn 45 degrees
