Word Café – Groups Solutions

Topic 1 – Health Insecurity

- Getting help from richer countries and try to do an organisation like NATO that has funds to help;
- Try to lower the prices of health, related products or send packages to poor people to help them;
- Improve the Health system with volunteers and a field team;
- Make a volunteer campaign that actually pays people, per example, doctors that go to countries in development.
- Support people that want to become doctors with more scholarships;
- Invest in new things to improve the health industry;
- Free health care systems in some countries that still don't have it;
- Improve the amount of time that people have to wait in hospitals;

Topic 2 – Housing

- Promote the increase of salaries;
- Create a government fund to help people pay for their rents;
- Create a liberal system, eliminating regulations to build homes;
- Help university students with housing;
- Put limits on housing and rent prices, according to their space, materials, locations and other variables;
- Renovation of old abandoned buildings for future public housing;
- Make the banks lower their interest percentage on house loans and mortgages;
- Give motivation to people to build their own houses, helping with lowering the taxes on the materials;
- Converting old hotels into affordable houses;
- Creation of a system like dorms that are temporary shelters.

Topic 3 – Future of Young People

- Create groups to hang out, talk about their problems and understand that they are not alone;
- Spread awareness on problems and make them use their voices;
- Adults should be more understanding and avoid put teens in a lot of pressure since they are already struggling with their identity;
- Employees should accept young people to work on their business and not demand work experience since this is the main issue with youth unemployment;
- Make teens start new small businesses and adults should help and cooperate with them;
- Fight issues like teenage isolation and antisocial;

Topic 5 – Global Warming

- Increase the quality of public transportation and their prices;
- Lower the prices of reusable bags;
- Taxes for big companies for the emissions of CO2 and variables;
- Adopt a more sustainable way of life;
- Reduce buying plastic containers;
- Events to pick up trash in the streets, beaches and etc;
- Fiscal initiatives;
- Recycle more;

Topic 6 – Refugees

- Help them to find houses, jobs and schools;
- Government should help these people get their Visas and valid documents;
- Teach the locals about their cultures and languages;
- Young refugees should be in schools and the local students and teachers should help them integrate and not feel left out;
- Free languages classes;
- Having host families;
- Reasure places for immigrants in classes or jobs;
- Charity events to embrace their cultures and languages so they feel welcomed;
- Free transportation and housing;
- Monetary donations;
- Tutors for kids at school;
- Government should give business money for them to employ these refugees;
- Refugees' meetings so they can share their experiences and meet each other;
- Culture exchange;
- Free access to health care;
- Classes in English so they can integrate normal classes.
