SELF-SUFFICIENCY

During the mobilities I have learnt how to be self-sufficient, how to use English and was happy to use it.

EXPERIENCE

I learnt something about history and culture of our partner schools and I also improved in English.

We were in the Tatras. We were in Starina and I saw very nice water dam there. Next my experience was visiting a lot of Slovakian churches. I met a lot of new people and made new friendships.

INTRODUCTION TO LIFE

I learnt something about culture of our partner countries.

I liked all the activities in the country I visited. We went to Stará L'ubovna, where we saw the Lubovna's burgher's house. It was really interesting. Then we were in an army camp, where we could shoot with a bow. I liked it, but I wasn't so good at this activity. And we went to the castle. It was brilliant. I love history.

FRIENDS

I have learned that every country has different customs.

I have got new friendships.

Erasmus+ helped me with English language.

I liked it the most in a foreign family.

Foreign teachers were very good.

The programme was very instructive.

I have learned something about the sights.

I have learned better English.
I have got to know new people quickly.
I have collected new experiences.
I have learned not to be afraid of new things.
I have got to know new lands.

I really enjoyed

COMMUNICATION

Most of all, I enjoyed stress before we came to families.
Also the fear of the family I will live in.
When I met the family and found it to be okay, so
I enjoyed the time.
Everyone was always nice to us and cared for us.

Travelling

At the meeting I met new people.
I learned some new words.

The best enjoyment was with my Polish friend. She was really funny. Every free time we were talking, we were laughing. We were talking about everything. But I did not meet only foreigners, but also people of our school.

The best experience I have taken from this project is that I could visit many beautiful places and learn history and culture of them. Also making new friends from all over Europe and keeping in contact with them is invaluable thing for me.

I personally learnt how to deal with new people and how to solve problems on my own.

COMMUNITY

I visited the High Tatras. The biggest experience was walking in the High Tatras. I was in the Lubovnian castle and I saw the old dress. I myself made a coin. I learned to shoot from a bow. I also learned it in Stará Lubovna in the museum and in the military campus.

I learned myself not to be afraid of meeting people. I found friends. I have known a different life.

The best experience I have is meeting new people and making friends with them. I still write to them on FB or chat. Next, I liked the trips we made, visiting new places and learning interesting things about them. Erasmus+ project is the best thing for young people to learn about foreign culture and history. I will miss it ☺
