

Stories of homeland

Do you like stories? Each of us has a favorite story. It brings us back to childhood. We can learn and love through the stories.

During the Erasmus+ project in our school, students wrote and illustrated stories about the homeland. The most successful stories selected by the teacher of the Croatian language Ivana Kujundzic and Peter Rasperger and teacher of German Dubravka Vuleša.

How was been at ceremony with students whose work has become part of the Erasmus + project, see below.

Congratulations to all students!
