Design Thinking

and inteview. Who is my user? What matters to this person?

point of view that is based on user needs and insights. What are their needs?

solutions as possible. Wild ideas encouraged!

of one or more of your ideas to show to others. How can I show my idea? Remember: A prototype is just a rough draft!

Share your prototyped idea with your original user for feedback. What worked? What didn't?

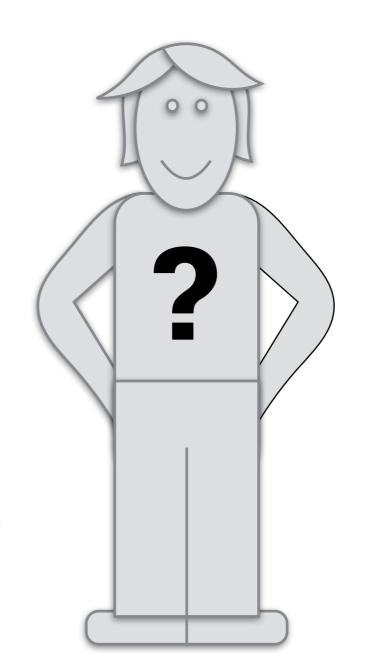

Personas

Who are your customers?

What is their name?

What do they like?

How do they look like?

What do they do?

The rules

Fail early and often.

The quantity is it. There are no good ideas.

Dare to be wild. Build on ideas of others.

Stay focused. Be visual.

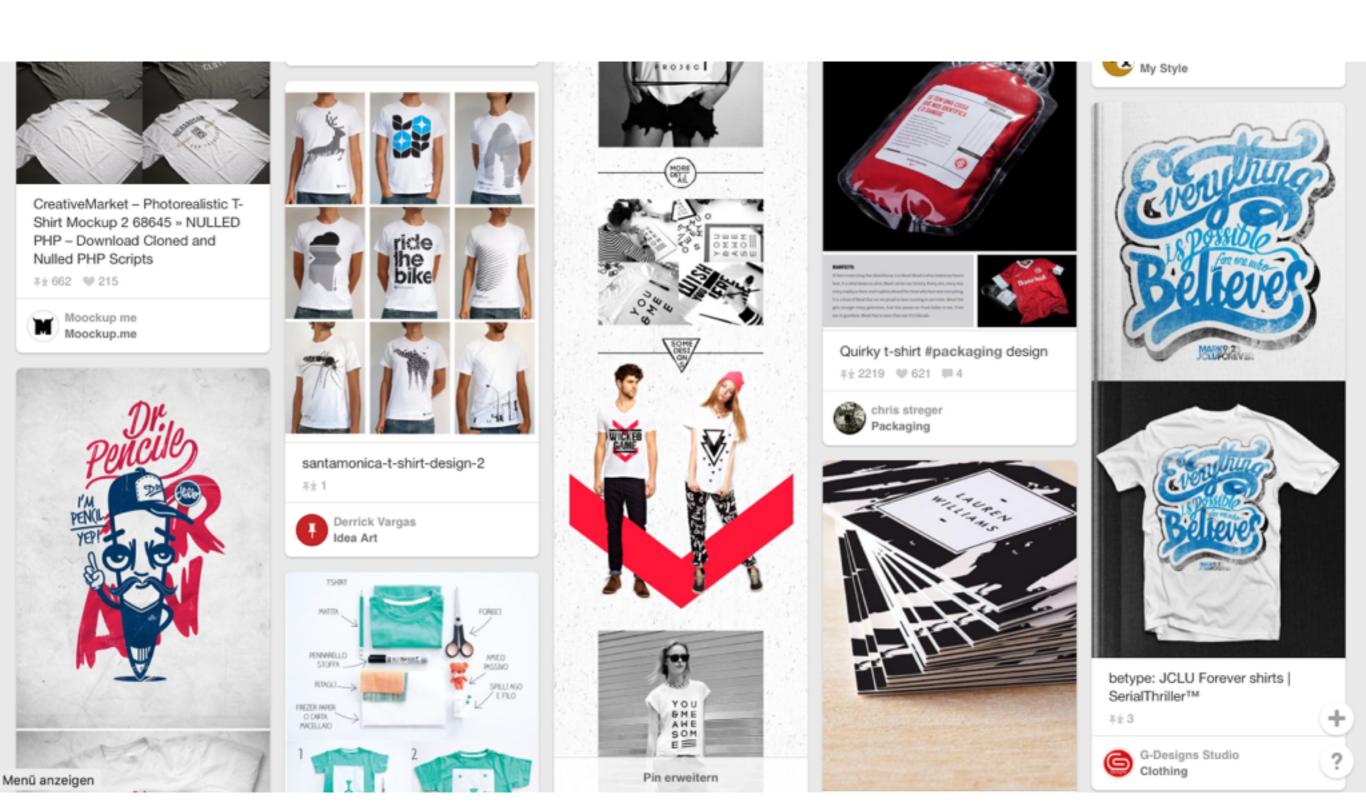

Avoid Criticism. Don't talk. Do!

Let's have fun.
