- saying goodbye
- was getting the teachers not to scold me
- I was stressed to be very patient with my clothes in and in the bathroom 😊
- I had no difficulties.
- I think that the biggest difficulty of this mobility was the communication with each other but everything was great!!!!
- there were no difficulties and i like other people to also enjoy similar experiences
- Trying to understand the language and communicate with the spanish students was a little difficult.
- I think that the biggest difficulty of this mobility was the communication each other but everything was great!!!!
- i didn't have any difficulties
- My biggest difficulty was mainly with the food because I couldn't get used to it. But after a few days I got used to all the foods that was strange to me.
- speaking with the students
- Some days the weather is very cold and we don't have the right clothes
- I had a really bad cold and i couldn't enjoy the last days very much.
- be away from my family
- I don't
- The food in general
- talk english
- speak english
- I don't actually like the food
- nothing
- communication with foreigners

Students general opinion for mobility is also positive. The most positive answers were those related to emotions and time shared with families and friends. The most difficult for them was communication, although finally all of them communicated with the rest of students and the families they were hosted in.
