OUR WEEK IN DUTCH

28.03.2022-01.04.2022

DAY 1 Arrival in the Netherlands

WE ARRIVED IN AMSTERDAM IN THE MORNING. WE COULD NOT WAIT TO SEE OUR FRIEND BUT IT WAS YET TO COME LATER IN THE EVENING. WE TRAVELED AROUND AMSTERDAM TO HAVE A LOOK AT THE VIEW. AFTER SEEING AMSTERDAM WE TRAVELED TO ROTTERDAM WHERE OUR HOST WERE ALREADY WAITING FOR US. EVERYONE HAPPILY LEFT TO THEIR HOST HAUSES AND WAS CURIOUS ABOUT THE NEXT DAY. THE FUN OF OUR TRIP WAS SOON YET TO COME.

DAY 2 school in Poland vs schools in Dutch

In the second day we were all welcomed in Farelcollege with the rest of the people taking part in the project as well as the teachers. Hosting students gave us a little tour around the school. We were all very impressed how the school and how their lessons looked. After that we had a lot of fun while doing some popular Dutch games and activities. In the meantime we started our project assignment about 'European Identity'. At the end of the day we all discussed plans for the next day

DAY 3 The day of plenty trips

The third day was mainly focused on travelling around Dutch. A huge part of it was on bikes. We travelled on waterbuses to Rotterdam and then visited the Euromast to see the view of the city. Then there was a boat trip where we ate various pancakes . Then there was some more city exploration by ourselves. When we came but to Ridderkerk we had dinner at 'Pavijoen Struis'.

DAY 4 summary of our trip

The beginning of the fourth day was a trip on bikes to a national monument 'Korenmolen De Kesenboom' in Rijsoord and a later on trip to Dutch windmills combined with a assignment in which we had to draw in blue on a small wooden piece. The day ended with showing all of our presentations and a ceremony of awarding everyone with their certificates of participation in this project.

DAY 5 departure from Dutch

The last day we arrived very early in the morning at the school parking lot and waited for our bus to take us for our plane. It was very sad to leave so quickly but everyone enjoyed this week together a lot
