

Shaping Young Europeans' Future Through Drama
2019-2021

EVALUATION FIRST LTTA BULGARIA
SPANISH TEAM. 16TH TO 20TH DECEMBER 2019

Walking through the streets of PLOVDIV

We visited a Roman theatre in Plovdiv, it was amazing!

GREAT TEAM BUILDING GAMES!

In this project I learnt about all the global goals because I didn't know anything about them. I also learnt a lot about acting and about acting with people from other countries. I have noticed how my ability to speak English improved so in an experience like this you are forced to speak in English. I really liked the visit of nice places of Bulgaria. I enjoyed our trip to Plovdiv. I learnt a lot about the culture of this amazing country. About the activities of the project , I enjoyed all the drama games we did in the school. They were very funny and entertaining. The Bulgarian family I lived with was very kind and sweet. They made me feel very comfortable and made my stay very good. In general I liked all the activities. I loved the trip to Plovdiv and the flashmob in the town square. About the workshops I loved the one about traditional dances. . I think we should have more free time to meet people. I think this type of activities help people of our age to learn many aspects of life.

Thanks to this project I have lost my fear to speak in English. Now I think I am a little more fluent. I didn't know anything about global goals so I suppose this project has given me to learn about them. Now I have realised they are very useful

About Bulgarian students and people in general , I think that they are polite and obedient. About the drama activities we did I really liked the improvised ones in international teams. Organization was perfect. About the cultural workshops , I liked the one of traditional dances.

I had a very good time . I would repeat it

Thanks to a project like this we have improved my oral skills and my understanding of a foreign language.. The theatre performance helped me to improve my diction. I love acting!. I really loved having the chance of wearing traditional Bulgarian clothes and learn a little bit how to dance. I have learnt a lot and the flashmob is a great idea.

I would repeat this experience with my eyes closed. I made a lot of friends. It's a great opportunity you shouldn't miss

**I would like to talk about my experience in Bulgaria
First I would like to say that I have learnt new forms
of acting and interpreting. I really like this. As the
plays were in English I have improve my oral and
listening skills in a foreign language. All the workshops
organised were perfect for me but the one I liked
most was the one about the typical Bulgarian rose
products. Through global goals workshop I have learnt
that I can't take them for granted. They are very
serious. I didn't like much the flashmob , it was bored
and
tiring. To end I have to say that I have learnt a lot in this
mobility and at the same time I have made new friends**

My trip to Bulgaria was amazing because of the family that host me and my exchange. The experience was really funny and I love the theatre games in different international times where I met friends and I had fun. The flashmob was easy to learn and to move in each groups. In the theatre games I learnt how to adapt in different situations with different things. In the free time I met with people from different countries where I learnt culture from Bulgaria, language from Poland. In the house of my host I felt really nice because they gave me all that I needed and they cooked to me different food to try so I love this family. The performance, dance and songs of the other countries were interesting.

the teachers

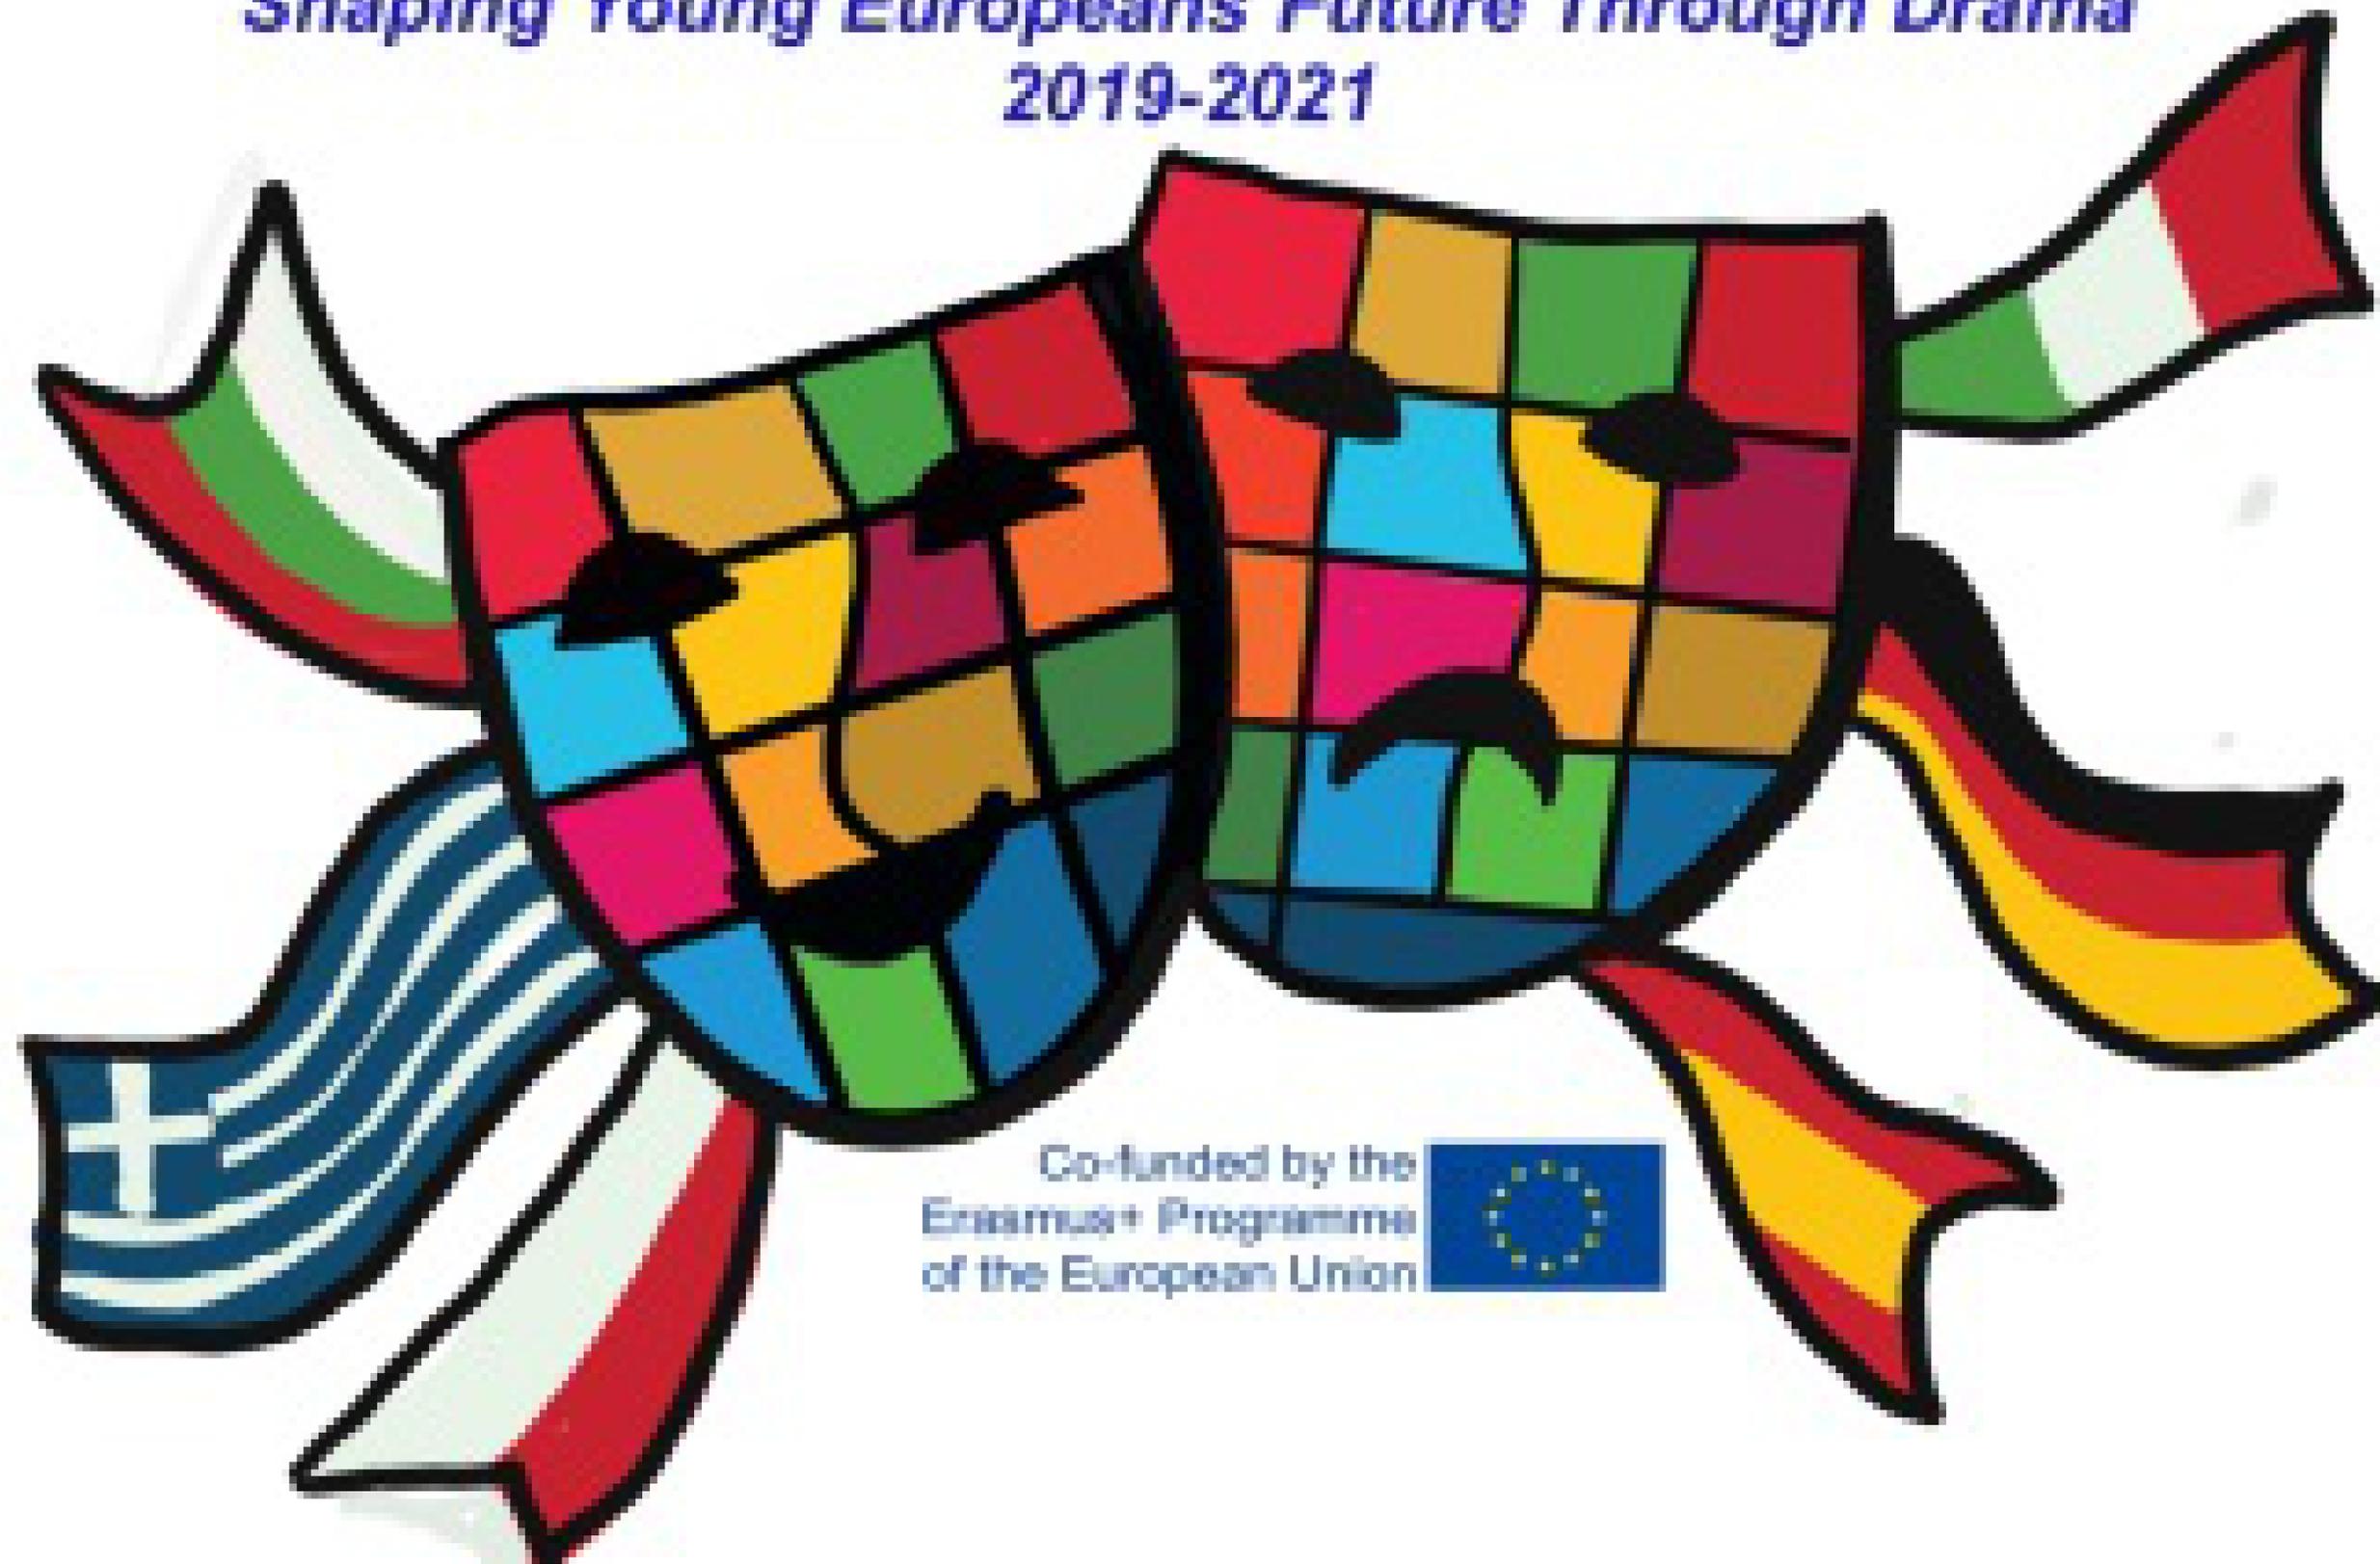

We were looking forward to this first mobility as we were really curious how Natasha was going to carry out such an ambitious plan. And we have to say that it really lived up to our expectations. Everything was perfect. Best of all it gave us a clue as how we had to work in Seville. Next mobility was to our city. It was great to do activities with other teachers. It gave us the chance to exchange practices as well as socializing. And wearing Bulgarian costume was a thrill. But we really enjoyed acting with our students and learning culture through the performances of other foreign plays.

MERRY CHRISTMAS FROM BULGARIA

Shaping Young Europeans' Future Through Drama
