

IIS MARTINO BASSI

TECHNICAL ECONOMIC INSTITUTE

- ▶ **The technical economic institute is a type of secondary school in Italy which deepens the social issues about business, administration and foreign languages.**

OUR COURSES: TOURISM & ADMINISTRATION, FINANCE AND MARKETING

- ▶ **Turismo (tourism) – born in 2010 from a previous course of study called “Istituto tecnico per il turismo”. It is specialised in tourism and related topics, such as foreign languages, geography, art and business.**
- ▶ **Amministrazione, finanza e marketing (administration, finance and marketing) – born in 2010 from the union of three previous management oriented secondary schools. It is specialised in business, law, accounting, management and marketing.**

Principal: Carola Zelika Gavazzi

Vice Principal: Giuseppe Lupo

OUR AUDITORIUM

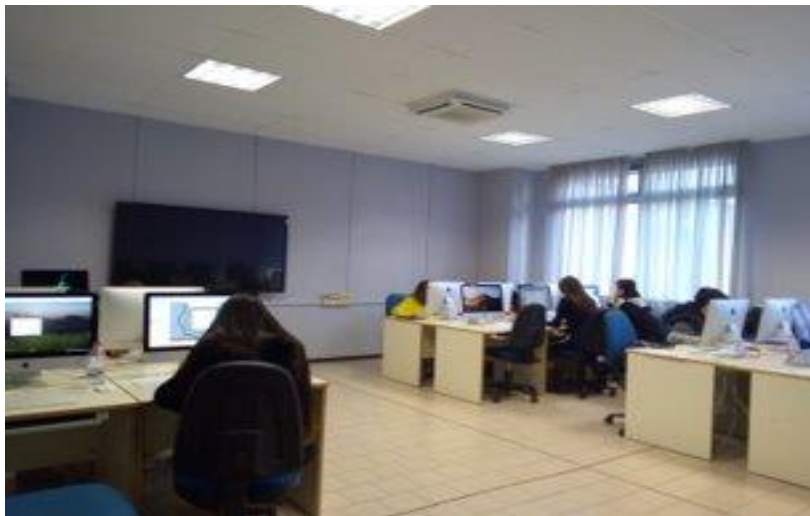

- ▶ **In our school there is an auditorium where all the students can attend some meetings and watch films.**

OUR COMPUTER LABS

- ▶ In our school there are four computer labs. One is a Mac Lab.
- ▶ Here we can do different types of activities like group works, research, listening activities and obviously our computer lessons.

SCIENCE AND LANGUAGE LABS

- ▶ **There is a science lab where students can do lots of experiments.**
- ▶ **There is also a language lab aimed at improving foreign languages. Here we do listening and pair activities.**

OUR SCHOOL CANTEEN

- ▶ **Our school canteen is on the first floor of the school.**
- ▶ **In it we have lunch but we can also spend our spare time.**
- ▶ **The walls are grey and there is a clock and also a food holder that some students made.**
- ▶ **There are four tables and an amazing poster that represents New York City.**

OUR SCHOOL BAR

- ▶ In our school there is a bar on the ground floor where during the break we can buy food, sweets and drink a good coffee. There are also vending machines on the first and on the second floor.

OUR LIBRARY

- ▶ **There is a library where students can study and do some homework.**

OUR GYMS

- ▶ **There are three gyms, two of them are small and one is big.**
