Poland is beautiful country with special places and different culture.
I enjoy especially the mountains and different traditions.

Know more interesting for me

School - schedule, well equipped and clean classrooms, temperature
Landscape - beautiful mountains, houses, countryside
Krakow - Very nice city, not too big, beautiful monuments and buildings
Free time - Diversity in activities: skiing, ice-skating, bowling, swimming-pools
Hospitality - Very hospitable people
Houses - very beautiful wooden houses

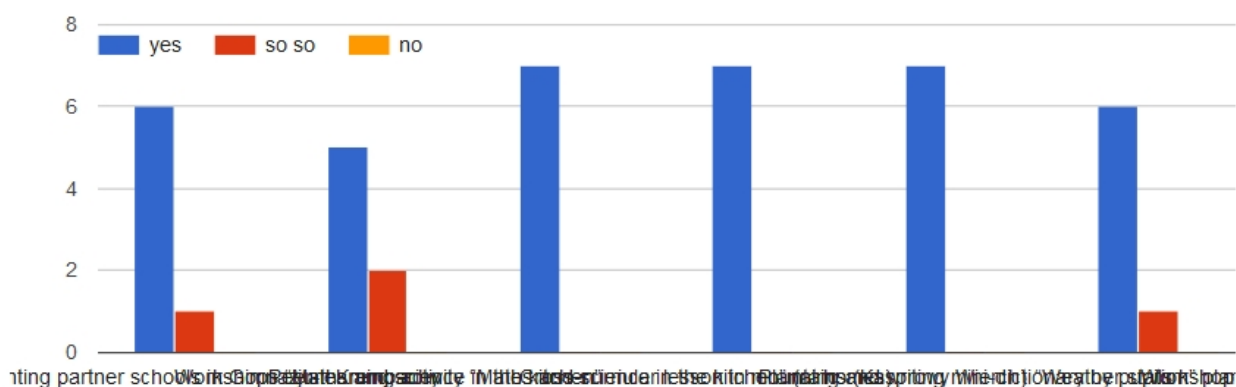

I discovered a country more developed than I thought and found Polish people really warm and friendly.

It is interesting to speak with European peoples.

Now I know about some Polish traditions, I tried Polish food and I remember some Polish words

Culture, Heritage, Country Development
Sensational environment (closeness of mountains)
Operation and organization of the education system
Population's warm welcome

Difficult to work at the hôtel: the wifi was not performant at all

Everything was perfect: Activities in school, cultural and free time activities (ski and swimming pools). I particularly liked the mountains and the lessons there, the workshops on Economy and Entrepreneurship was a very good idea and making students cook together was great. I also loved the Polish students' dances. Teachers were very welcoming too.
Thanks for hosting us so well!

Many many thanks for the wonderful organisation
