

SMALL TOWNS... NEW CHALLENGES

Virtual mobility organized by S. Stefano di Camastra

17th/24th May 2021

Our project was stopped due to force majeure caused by Covid-19 pandemic. Anyway it was postponed for a year, so we could work on the project and complete it. Despite the health crisis, economic problems, the lack of a normal life, we were able to arrange the last two virtual mobilities.

The second virtual mobility occurred from 17th to 24th of May 2021. It was organized and coordinated by the Italian Delegation from Istituto Comprensivo Santo Stefano di Camastra in Santo Stefano di Camastra. All the video conferences were in the same link through the App Meet (Google). Everyday two workshops were held. Each partner was responsible for organizing at least one of the workshops. They have been scheduled from 10:00am to 12:00am (Spanish time).

From the Italian school Istituto Comprensivo Santo Stefano di Camastra four classes participated: 1st, 2nd, 3rd levels of secondary education with a total of 30 students and 4 tutors.

From C.E.I.P N.tra S.ra de la Cabeza in Maria, Spain	31 students	6 tutors
From Agrupamento de Escolas de Alvide in Portugal	41 students	4 tutors
From Centro San Viator in Sopuerta, Spain	25 students	2 tutors
From Szkola Podstawowa im. Ks. Pralata Josefa in Poland	20 students	2 tutors
From Nachalno Uchilishte "Yane Sandanski" School in Bulgaria	25 students	5 tutors

On Monday, 17th May 2021, the hosting organization Istituto Comprensivo Santo Stefano di Camastra, represented by the head teacher, welcomed all the participants in the video conference. After a group of students presented the school with a live broadcast tour. Subsequently the town of S. Stefano was presented with a video prepared by the students, showing the places of great interest of the small town. After that the Agrupamento de Escolas de Alvide from Portugal presented the first workshop introducing the legend of Barcelos Rooster and proposing to draw and paint it.

On Tuesday, 18th May 2021, the first workshop was proposed by the Centro San Viator, from Basque Country in Spain. They presented a language game on line using Kahoot and Padlet, students learned the meaning of some Basque names and some mythological characters in a fun way. The second workshop was introduced by the Nachalno Uchilishte Yane Sandanski School from Bulgaria. They involved us in a live broadcast visit of the museum in Razlog, and showed some handcraft ceramic vessels, their manufacture and design. We also created our own ceramic plate.

On Wednesday, 19th May 2021, it was Italy's turn. The Istituto Comprensivo from S. Stefano di Camastra suggested the first on line workshop (Kahoot) based on some information about Italian culture and language in an inspiring way. Next workshop was organized by C.E.I.P. N.tra S.ra de la Cabeza from Maria, Spain. They led us to reflect on the current situation of the Covid 19. They launched appropriate questions and students discussed them. After that Maria's school involved the students in an interactive game (Joinmyquiz) about the project in general.

On Thursday, 20th May 2021, the Polish workshop took place, from the Szkola Podstawowa im. ks. pralata Jozefa Bigusa in Banino. They started with the presentation of the school building within a 3D path. It was truly amazing! After that they presented the traditional Kashubian symbol and pattern and involved us in the creation of our own Kashubian embroidery. We also played an on line game. In the second workshop, N.tra S.ra de la Cabeza summed up the various activities of the project that we have carried out during the last three years. We filled in an evaluation form for the final report.

On Friday, 21st May 2021, the last workshop was introduced by S.Stefano, Italy. They showed a video referring to the manufacture ceramic handcraft, particularly the "jar" that it is also related to the Nobel Prize writer Luigi Pirandello. Students had the chance to accomplish their own jar in a template. They showed photos of the most significant memories of the mobilities.

On Monday, 24th May 2021, a video conference took place with teachers coordinators. They evaluated the virtual activities carried out during the virtual mobility by means of a survey elaborated by the Italian coordinator.
