

My Favorite Sport:
Horse Riding

Aurora Fascicolo

My favorite sport is horse riding, it includes two different types: English riding and western riding.

English riding is the most practiced and includes the disciplines of dressage, show jumping and cross country. It is my favorite.

Western riding is the most practiced in America and is typical of cowboys. It includes many disciplines but the most practiced are reining and barrel race

English riding:

Western riding:

My favorite rider: Valentina Truppa

Valentina Truppa is my favorite rider, she practices dressage in English riding and she is very good, she loves her horses very much and is an example of how I would like to become. My biggest desire is to meet her one day because I really admire her

And finally I show you some of my photos
