

AUSTRIA

presentation of Victoria, Cornelia and Julia

Austria is a very beautiful country. Vienna is its capital city. It consists of nine federal states, which are called Upper Austria, Salzburg, Lower Austria, Vienna, Burgenland, Styria, Carinthia and Vorarlberg. Further it has eight neighbouring countries.

Austria is an inland, that means it doesn't have access to a sea. It's a republic so the head of state is a federal president who is currently called Alexander Van der Bellen.

In Austria there live about 8,86 Mio. people. The inhabitants speak German. The country is very mountainous because 63 % of the area belongs to the Alps which run from west to east across the country. The highest mountain is the "Großglockner" which is 3 798 meters high and the "Donau" (Danube) is the longest river in Austria.

Amazing sights in Austria are the "Stephansdom" (St. Stephen's cathedral), the big ferris wheel in Vienna, the "Grazer Uhrturm", the "Goldene Dachl" in Innsbruck or the "Lindwurm" in Carinthia.
