REPORT

C5 virtual mobility (20-23 APRILIE 2021)- Let's continue our meeting in Sicily

Between 20-23.04.2021, 13 students from the Strategic Partnership Project in the Field of School Education, Key Action 2, Erasmus + "Promotion of Identity, European Culture and Tradition" no. ref. 2018-1-IT02-KA229-047925_3, together with 2 teachers (prof. Ștefania Manea and eng. Rolland Szedlaczek) participated, together with students and teachers from GENIKO LIKIO HORTIATI, Thessaloniki, GREECE, in the virtual activities organized by teachers and students from ISTITUTO ISTRUZIONE SUPERIORE "E. MEDI", LEONFORTE, ITALY. The theme of this learning activity / exchange of good practices was: "Let's continue our meeting in Sicily".

On the first day, the students made a virtual trip to Agrigento (Valley of the Temples), found out about the folk festival "MANDORLO IN FIORE", organized every spring; followed by a virtual tour of Agira (Medieval Castle and the city) and a virtual visit to the "Glorioso" meat processing factory in Nissoria, where they received information from the mayor of the town, who is also the owner of the factory. The group activity, which consisted of learning some traditional Sicilian recipes, was followed by watching a documentary about the "Rocca di Cerere" Geopark. On this occasion, the students found out information about the geological evolution of I. Sicily, about the geological formations that are part of it, about the relief forms, etc.

The activities continued the next day with a virtual trip to the city of Palermo (with the cathedral and the 2 theaters), to the town of Assoro and to the pork processing factory "Mulinello". During the group activity, the students learned specific Sicilian gestures.

The third day of activities began with a virtual tour of the city of Syracuse, on which occasion the students found out what are characteristic of the Baroque style. After a presentation of the Easter traditions specific to Assoro and Leonforte made by students from Italy, students from Romania and Greece presented the traditions of Holy Week specific to the two countries, followed by discussions highlighting the similarities and differences in terms of how they are celebrated in the 3 countries. At the end of the day, the students from Romania and Greece presented activities that they carried out within the project, activities that illustrate, once again, the existing links between the 3 nations (the Greek Revolution and Ianza Castle).

On the last day, after the messages of thanks from the mayor of Leonforte and the headmistress of the high school, the students watched recordings from the three days of activities, expressed their point of view on the virtual activities they have participated and the experience gained as a result of participating in this Erasmus + project. At the end, the coordinating teachers and those who are part of the project management and implementation team talked about the significance of this project in terms of their professional development, about the friendships that have formed between students and teachers from the three schools. , about the difficulties encountered in carrying out the activities caused by the pandemic, etc.

The activities carried out aimed at acquiring knowledge about the Sicilian cultural heritage, in order to identify similarities and differences with the heritage of the other partners. These activities helped the students in the target group to understand the importance of conserving cultural resources in all aspects; to develop communication and language skills; the ability to recognize and value European and local cultural resources and the self-confidence and self-esteem, recognition and appreciation of the cultural values that define the identity of each nation.

The activities were disseminated on the forum page of Hunedoara School Inspectorate: <http://forum.isj.hd.edu.ro/viewtopic.php?f=198&t=24731&sid=2ae099742fe9530529e7af6ce9c8fa3c>.

The image shows a Zoom meeting interface. The main video area displays a meme featuring a man with glasses and a beard, wearing a grey blazer over a black t-shirt. He is making an 'OK' hand gesture with both hands. The text '#RobertoLipari' is in the top left, and 'IF YOU DON'T PUT YOUR FINGER INSIDE IT' is overlaid at the bottom in large white letters. A status bar at the top indicates 'Recording' and 'You are viewing Giorgio Mastrogiovanni's screen'. A vertical gallery of participant thumbnails is on the right, with names like Stefania Mariga, Harilaos Makroziaris, Alessio Maratore, Annalisa Lo Pumo, and Giuliana. The bottom toolbar includes 'Unmute', 'Stop Video', 'Participants', 'Chat', 'Share Screen', 'Record', and 'Reactions'. A 'Leave' button is in the bottom right.

Moldavia

► The Danube countries were familiar places for the Greeks. They migrated there and settled permanently or wandered professionally as scholars, clergy, merchants, but also as tenants of Vogia estates.

► With the support of the Phanariot Leaders, Hellenization in the region had advanced to the upper social levels. Many Voyagers spoke and wrote Greek. In fact the Holy Corps was formed from Voyagers during the greek revolution. Furthermore, another large number of Greek students attended universities in the area.
