Our visit to the university of Macedonia (ΠΑ.ΜΑΚ.)

I liked the most the farewell meeting at school and the activities that happened there.

Welcome ceremony

When we visited Afytos because the place was beautiful

When Italian students came to Greece because we learnt new things and we had a lot of fun

The visit in the center of Thessaloniki because with this the Italian and Romanian children could learn the history of our city

My favourite activity was going to the city centre with our guests either to guide them or to just have fun! It was really a time where we got to know each other!

Η εκδρομή στην Χαλκιδική, μάθαμε αρκετά πράγματα και είχα ελεύθερο χρόνο σε ωραίο μέρος;

Afytos' trip

Well in my opinion what I liked more in this project is that we made Italians our friends and we spent so much time together with them that we will not forget and what I loved in this project is that it made us responsible and last but not least we felt like the person we were hosting was a member of our family that we could no longer let him/her go and return to his/her country since we would miss him/her so much and the house would feel empty without him/her

Visiting the zero waste factory

all the activities we did together were nice

13. Which of the activities was more useful for the project's objectives until now? Why? (Ποια από τις δραστηριότητες ήταν πιο χρήσιμη για τους στόχους του προγράμματος μέχρι σήμερα; Για ποιον λόγο;) 10 απαντήσεις

I tend to believe that the most useful activity that fulfilled the project's objectives was the entertainment games, performed by a team of juveniles by Xanthi (Χανθ), due to the fact games have the tendency to unite and entertain all of us.

I think it was that we guided the children to a lot of places in Thessaloniki and not only here.

Χαλκιδική

The conversation between the students

The day that we had time to play team games because with that way we could know each other better

I believe it was the educational visit to the archaeological museum of Bergina because that is where we really got to know about the prime of the ancient Greek civilization!

Η επίσκεψη στην Χαλκιδική γιατί μάθαμε πολλά για τις τοπικές παραδόσεις και είδαμε τον σύλλογο μελισσοκόμων

Educational games because we knew better each other

I think that the fact that we spent time all together and we had fun either by hanging out at the evenings or talking about each other languages and common interests will be an unforgettable experience and it can also be considered as a useful activity since we were able to learn about things from the tradition and the life of the Italians that we didn't know and the information that we obtain will be useful for us in the future for our personal knowledge and when we are going to be hosted by them when we visit Italy 😊

The team building that made from the YMCA team because it was a great effort from children that was in our age and it helped a lot to create bonds

14. Which of the activities did you like less until now? Why? (Ποια από τις δραστηριότητες σας άρεσε λιγότερο μέχρι σήμερα; Για ποιον λόγο;)9 απαντήσεις

I didn't really like the educational videos that were played from our school, because they were a bit obsolete and not appealing to a great part of the students.

The worst activity, i think it was that we (the kids) had to tour everyone at the museums.

Βεργίνα

The excursion to Nikiti because the weather was cloudy and rainy and we couldn't go to all the places we wanted

The least enjoyable activity I participated in was a presentation made by the junior-highschool principal because it was really not interesting

Η ταινία που είδαμε στην κοινότητα, δεν ήταν καλή και ήταν δυσνοητη για τους ξένους

The factory of honey production

The whole project was fine and i am satisfied from all of it

The movie that we attend

15. Which of the activities was unuseful for the project's objectives until now? Why? (Ποια από τις δραστηριότητες σας δεν ήταν χρήσιμη για τους στόχους του προγράμματος; Για ποιον λόγο;)9 απαντήσεις

Undoubtely, all of the activities were really useful for the aim of this program. Therefore, I am not in the position of answering this question. All of the activities WERE useful.

The guides at the local culture monuments. They were so much.

Βεργίνα

None

I think all of them were useful

Mount Olympus museum because it wasn't related to the program

I think that our teachers arranged everything to be fine and except for the fact that it was a bit tiring for us to host them the program was perfect and i loved the whole procedure

The movie that we attend in the municipalty

None
