24 responses

1. I would be more diligent to our schedule.
2. Have more free time .
3. Teachers to be more polite with the students.

More days and more hour to see the sights

London, Paris, Amsterdam, Spain

Better control the conditions of the houses of the host

More free time between educational activities

i think that was all perfect except for the mobility from Bucharest airport to Petrosani

It was amazing!

England

It was a good experience, but I think we've had too little with the partners.

Nothing, everything was the best it could be.

The project needs to help enhance language skills

More free time

London , amsterdam and madrid

It was wonderful. However, my personal opinion is that there should be a variety for the food served, so as the students be able to choose. Moreover, the programme was full and students didnt have enough time to take some photos or fully enjoy the monuments. Despite of that, everything was very good and I feel satisfied for being able to see so many things.

Same ages of students, not that full programme (more free time in the middle of the activities)

Londra, Repubblica Ceca, Parigi, Amsterdam, Spagna

Everything was just perfect, it was even over my expectations

This mobility was really amazing and And very formative

It was a good project in Romania, but all of us were too tired of the activities and we didn't enjoy so much our hosts' company and some relaxable time with our "international" company etc. Good try! Thank you for everything.

More information regarding the program

think it was a wonderful experience. In these days I have learned to speak English fluently and to live with abitudini, traditions different from mine. I have no proposals to organize or improve a mobility, I only hope that when you come to us, we will be able to reciprocate the hospitality
