

# **DEFORESTATION** **OUR** **COMPLICATION**

**DEFORESTATION IS THE PROCESS OF CUTTING DOWN FORESTS WITHOUT REPLANTING THEM AGAIN.**

**THE EFFECTS OF DEFORESTATION GO BEYOND CARBON EMISSIONS, THE CONTINUOUS INCREASE OF THE WORLD POPULATION HAS BEEN TERMED AS ONE OF THE MAIN REASONS.**

**AS THE WORLD POPULATION CONTINUES TO GROW, THE DEMAND FOR SPACES INCREASES, BE IT FOR LIVELIHOOD, RAISING LIVESTOCK, AGRICULTURAL PRACTICES OR EVEN TO FACILITATE MINING.**

**THESE FACTORS MAKE THE IMAGE THAT WE THINK ABOUT DEFORESTATION, THE DESTRUCTION OF ENTIRE ECOSYSTEMS AND THEIR DIVERSITY WITH THE POSSIBILITY OF NEVER RE-ENCOUNTER THEM AGAIN IN OUR FUTURE.**

**THAT'S WHY WE HAVE TO ACT IN TIME TO PREVENT THE DEATH OF OUR ECOSYSTEM AND GRANT OUR FUTURE GENERATION MORE CLEAR AND PURE AIR TO BREATHE.**
