BEING A GOOD DIGITAL CITIZEN

- To be good citizens on the internet we must help new users of the platforms.
- To be a good digital citizen, we must not post things or photos of other people and make unnecessary comments.
- On the internet there are people who just want to argue and disrespect, don't go in their way, you can be better!
- TO BE A GOOD CITIZEN, WE HAVE TO BE CAREFUL WHEN WE MAKE ONLINE FRIENDS.
- TO BE A GOOD CITIZEN, WE MUST RESPECT OTHER PEOPLE.

YOU ARE
NOT
Alone

(in Covid-19 times)

Carolina Neri, Portugal
During the 2/3 months in confinement I felt so many emotions, for example, when the first case of covid 19 appeared in my class I was in my ATL (study center) my teacher warned me and I panicked and started to panic. cry compulsively. In my first donate of online classes I was surprised, also sad to be living this situation together. Now, on April 5th we are finally all together again. I know that covid is a virus that is feared by everyone, but we must always protect ourselves. My

Mariana Ventura, Portugal

In the confinement I was alone because my parents had to go to work. to do the chores, I called my friends and together we solved the chores.

thought we were going to stay home forever.

CELEBRATING EARTH DAY

Terra

A nossa terra,
a nossa casa.

És linda Terra,
és planeta sem igual.

Terra,
és acolhedora,
és inspiradora.

Tens países bonitos
e águas calmas.

Os teus campos verdes
são lindos de sonhar.

O teu mar azul
é cristalino de vida.

O Sol que te dá luz
transforma-te em beleza.

Tu fazes bilhões de nós.
Gosto muito de ti, Terra.

Earth

Our land,
our home.

You are beautiful, Earth,
You are a planet with no similar.

Earth,
You are cozy,
You are inspirator.

You have wonderful countries
And calm waters.

Your green fields
are beautiful and make me dream.

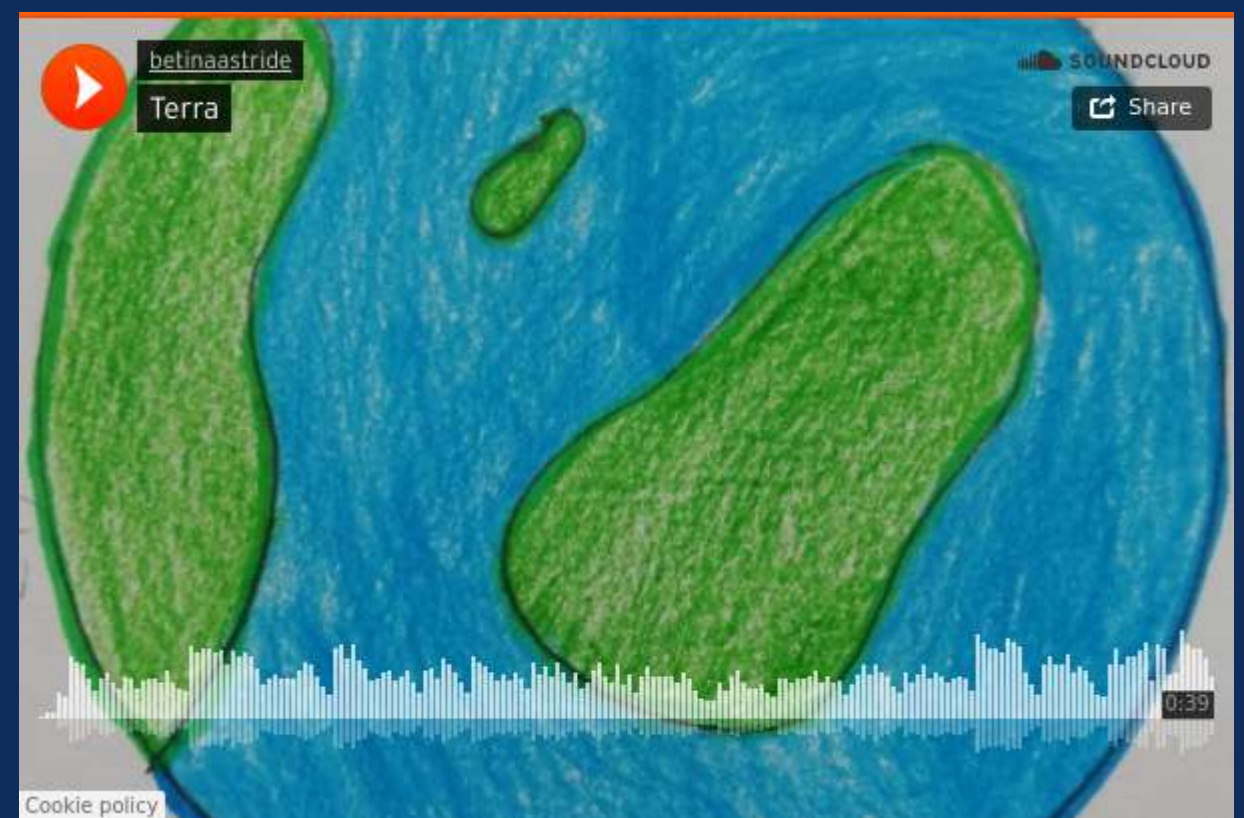

Your blue sea
It's crystal clear of life.

The sun lights you
And turns you into beauty.

You make billions of us.
I like you very much, Earth.

I loved doing a project with this type of presentation again.

This project was a lot of fun, I learned about new cultures and I loved it.

I really liked all the works, pity I missed some but I hope that next year there will be more.

I loved the projects and would like to have more.

i am very glad to work with you all

I liked this project because I got to know new cultures.

Conclusions

- Students developed knowledge regarding digital literacy and digital citizenship. The project had an impact in curricular competences.
 - The activities that students enjoyed the most were the class newspaper and "you are not alone".
 - The development of ICT skills is visible throughout the project.
 - Skills regarding digital literacy and citizenship was a plus and students understood the importance of respect, empathy and security.
 - Different issues were approached in the common newspaper, creating a true collaborative result and wider connection to the school community.
 - To conclude, teachers realize the project had a huge impact in their school and daily lives as well as for the future.
