SCHOOL EXCHANGE PARTNERSHIP

After the 1st mobility to Spain, the Greek students who had participated in the mobility explained to their fellow students what the meeting was about, what they did, they told them about the places they visited and the experience they acquired. They also presented their own work, explaining where they got the information and the background from, and made a short description of the other participants' work. They also informed their fellow students about their own logo proposals and what the winner logo was.
