WE WANT TO GROW DIGITALLY ...

- **International competences (language proficiency and digital technologies) are covered in our European School Development Plan.**
- **The ongoing activities include professional growth and career development of staff, updating teaching methods and techniques, modernization of the learning base, multicultural communication and communication with the partner organizations from Europe and the world.**
- **The short-term goals included in it are to create interactive learning environment through effective learning use of digital technologies.**
- **Using the potential of information technology and start effectively implementing them in learning process, we will also develop students' creativity**

WE ARE SMALL SCHOOL SO WE KNOW OUR CHILDREN CLOSELY

- **FOURTH PRIMARY SCHOOL "DIMCHO DEBELYANOV" - BLAGOEVGRAD, IS A SMALL SCHOOL (ONLY 250 CHILDREN) WITH A LONG HISTORY. IT WAS ESTABLISHED 120 YEARS AGO IN THE NEIGHBORHOOD "GRAMADA". SINCE 2009, IT HAS BEEN DECLARED A CENTRALLY SCHOOL AND IT TEACHES BESIDES CHILDREN FROM BLAGOEVGRAD AND STUDENTS FROM THE SURROUNDING SETTLEMENTS WITH CLOSED SCHOOLS.**
- **IT IS THE OLDEST SCHOOL IN BLAGOEVGRAD, BUT ITS FAMILIAR DETACHMENT CREATES SPECIFIC CONDITIONS FOR WORK, WHICH LEADS TO OUR INTENTIONS TO MAKE IT A MORE ATTRACTIVE SCHOOL FOR A LARGER SET OF SUCCESSFUL STUDENTS AND CREATIVE AND YOUNG TEACHERS.**

BLAGOEVGRAD

The city is the economic and cultural center of southwestern Bulgaria, with a population of more than 80,000 inhabitants. Blagoevgrad is home to two universities, the *South-West University "Neofit Rilski"* and the *American University in Bulgaria*. Because of the large number of students (partly due to the South-West University and the American University in the city) the city has relatively well developed economy. There are many clothing stores, cafés, and restaurants.

Blagoevgrad has 10 primary schools and 10 high schools. The vocational high schools cover students from the whole region. The city is between the capital Sofia and the winter capital Bansko leading to its economic and tourist rise.
