

KUZGUNCUK

Kuzguncuk is a historical district. It has colorful houses, historical structures, peaceful streets and cafes.

If we talk about Kuzguncuk, we should definitely say something about its houses.

As you can see in the pictures, Kuzguncuk has charming houses which is very beautiful.

-İcadiye-

If you are in Kuzguncuk, İcadiye is one of the places that you should go and see.

-Perihan Abla street-

This is Perihan Abla street. A well known series named "Perihan Abla" was filmed in this place.

There are many places to visit in Kuzguncuk but I showed you the most important ones.

By the way, Kuzguncuk is very close to our school. I can say that we are lucky about that.

This place is like a small
Mediterranean city.

Kuzguncuk is a place where
all religions and all races
live in peace.

I wanted to tell you
about this old
Ottoman
neighbourhood. Hope
you liked it.
