What is eTwinning for you?

10 yanıt

eTwinning is a great opportunity for me to improve my English and make new friends.

A website that allows us to communicate in a educational way

It's a fun way for learning about new cultures.

For me, eTwinning is countries coming together and exchanging information on many subjects.

Education and experience

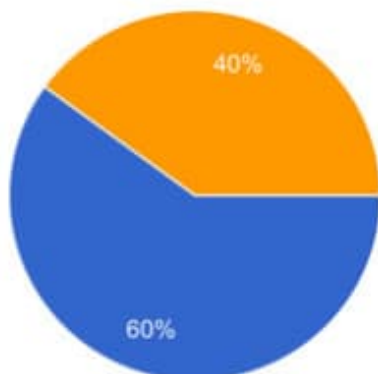

It's a programme that I can socialize with people around Europe while I participate in fun and educative activities.

Its a cool platform to display our works. Or its a good for contact somebody all around the world and achieve something together Especially during the pandemic its very good chance.

Collaboration, information, friendship

Do you want to take part in new projects?
