

The German social market economy is the largest national economy in Europe. On top of that, Germany is a founding member of the European Union and Eurozone and is the European Union's most politically and economically influential member nation.

The car industry is the largest industrial sector in Germany. In 2014, round about 775,000 people worked in the German automobile sector, which is nearly two percent of all workers. Lastly, cars and car parts are Germany's most successful export. Germany had sold more than \$225 billion worth of exports in 2014, this was nearly a fifth of total German exports.
