

Duygu Beysim's personal portfolio

General information about me

- Name: Duygu Beysim
- Age: 17
- Date of birth: 03.02.2004
- Place of birth: Haskovo (Bulgaria)
- Current school: PMG “Acad.Boyan Petkanchin”

My family

My friends

- Volleyball

My hobbies

- Ballet

Activities I enjoy most (my interests)

- Driving a car

- Riding a bike

- Karting

- Biology and Chemistry

And my big dream...

• Travelling

- Cooking

- Swimming

- Doing a puzzle

Extracurricular activities that I do

- Volunteering

- Eco club

How I decide to join this project:

- The topic coincides with my interests, knowledge and skills
- I am interested in ecology and biology and I want to improve this knowledge of mine
- I think, that with my enthusiasm, potential and previous experience from another project that I have attended, I will contribute a lot
- I have good social and communicative skills
- I have the self-confidence while talking in front of people
- I put responsibility and efforts for the implementation of a project

Some of my projects

The screenshot shows a Microsoft PowerPoint presentation titled "Водата, без която не можем...". The main slide features a globe with water splashing over it and the text "„Водата, без която не можем“". Below the title, there is a bulleted list of topics: "Значението на водата", "Как да пестим водата", "Как да пазим водите от замърсявания", and "Етапи на пречистване на водата". The bottom right corner of the slide credits "Изготвил: Дуйгу Бейсим 10д клас". The interface includes a ribbon with tabs like Home, Insert, Draw, Design, Transitions, Animations, Slide Show, Record, Review, View, and Help. The status bar at the bottom indicates "Slide 1 of 21" and "English (United States)".

Slide 1 of 21 English (United States)

- Значението на водата
- Как да пестим водата
- Как да пазим водите от замърсявания
- Етапи на пречистване на водата

The water we can't live without

Changes in the vegetative organs in relation to temperature as an environmental factor

The screenshot shows a Microsoft PowerPoint presentation window. The title bar indicates the file name is "изменения на вегетивнит..." and the author is "Дуйгу Бейсим 04". The ribbon is set to "Home". The slide content features a central graphic of the Earth with the Sun to its left. Yellow arrows point from the Sun towards the Earth, representing solar radiation. To the right of the Earth, there are wavy yellow lines representing heat or temperature. The text on the slide reads: "„Изменения на вегетивните органи във връзка с температурата като екологичен фактор“" and "Изготвил: Дуйгу Бейсим". The taskbar at the bottom shows the system tray with a temperature of 11°C, the date 1/6/2022, and the time 8:42 PM.

And my poster
about how to
protect nature

My expectations from the project

- Learning new things
- Learning about new cultures, traditions and places
- Meeting new friends
- Improving some of my skills
- Improving my English language skills

How can you reach me at?
