The Romanian team’s presentation of the results that were obtained during the first Learning, Teaching and Training Activities from Fatima, Portugal

Target group: the students and teachers from Colegiul Național ‘Ion Luca Caragiale’

The date of the activity: 29. 03.2018

The Romanian teacher in charge with the dissemination activities presented what the objectives of the meeting in Portugal were and what results were obtained during the activities.

The final product ‘Let’s know what we eat and drink!’ is a compendium about the youngsters’ diet and each school partner conducted a survey which was based on a common questionnaire.

‘Let’s Do Sports!’ is a guide based on a questionnaire applied in each country about types of sports, if the students practised sports or not, the amount of time allocated to doing sports, and their feelings while doing sport.

The students who participated in the meeting activities talked about what they had done there, what they had learnt, what skills and competences they had acquired or improved, how they had interacted with the other participants, and what that experienced had meant for them. At the same time, all of them said that the project interactions with their partners had been the greatest experience of their lives.
