Romanian Environmental Campaign
'We Care'

Date: 15.05.2019

Place: Moreni, Romania

The students and teachers from the Romanian team of the Erasmus + project 2017-1-RO01-KA219-037190 , ‘Youngsters Nowadays. Where from, Where to?’ , and students from our school, Colegiul Național ‘Ion Luca Caragiale’ participated in several activities to run the environmental campaign ‘We Care’, that we first participated in during the 3rd Learning, Teaching and Training activities that took place in Moreni, in March 2019.

The activities that were unfolded during the campaign were:

- Awareness march in town towards the central park, with banners, flyers, leaflets and questionnaires;
- Conducting a survey in Moreni about the environmental issues in which people were asked about the environmental problems that our town, region and country face and these people were invited to join the team in order to protect the environment;
- Planting trees and shrubs in the schoolyard;
- Participating in a workshop about environmental problems and in a presentation of a book about an Antarctic expedition, book that was written by a NGO’s representative that participated in that expedition and was present at the workshop to talk about this experience and about the environmental difficulties that our planet confronts with.

The march through the town

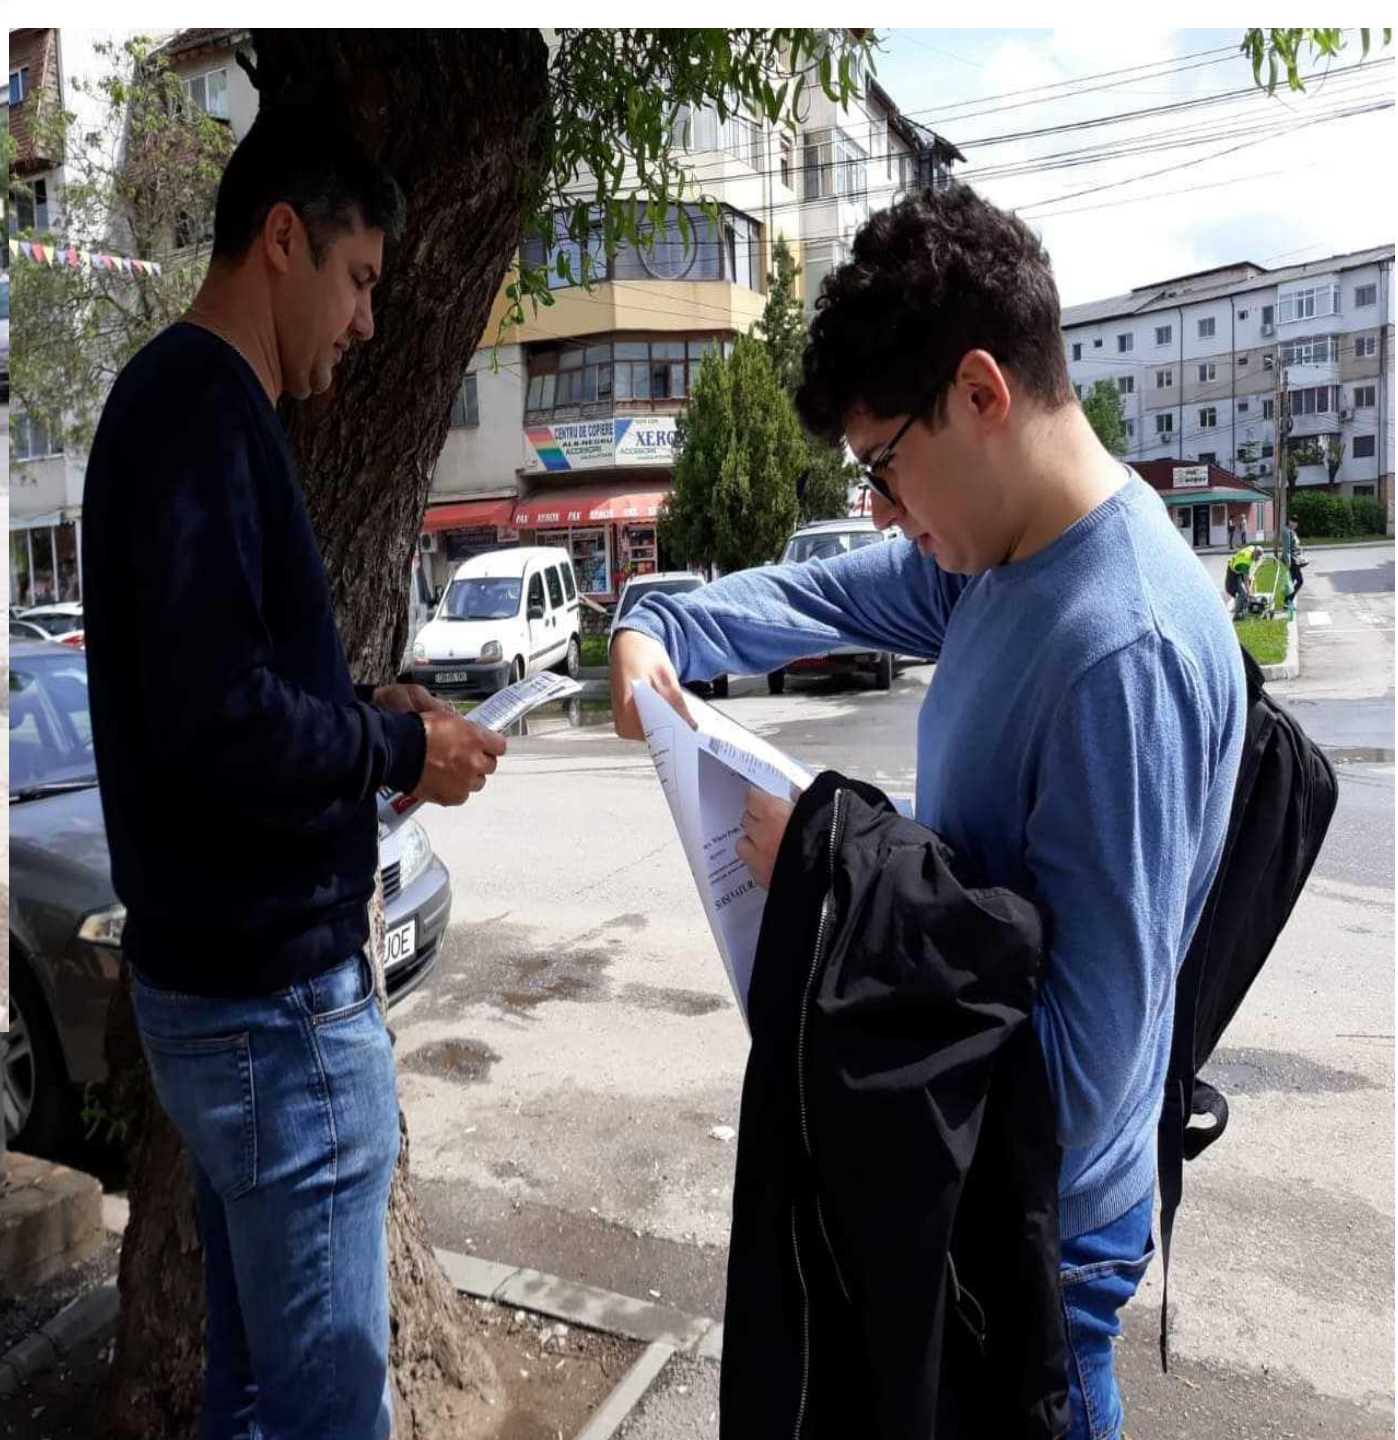

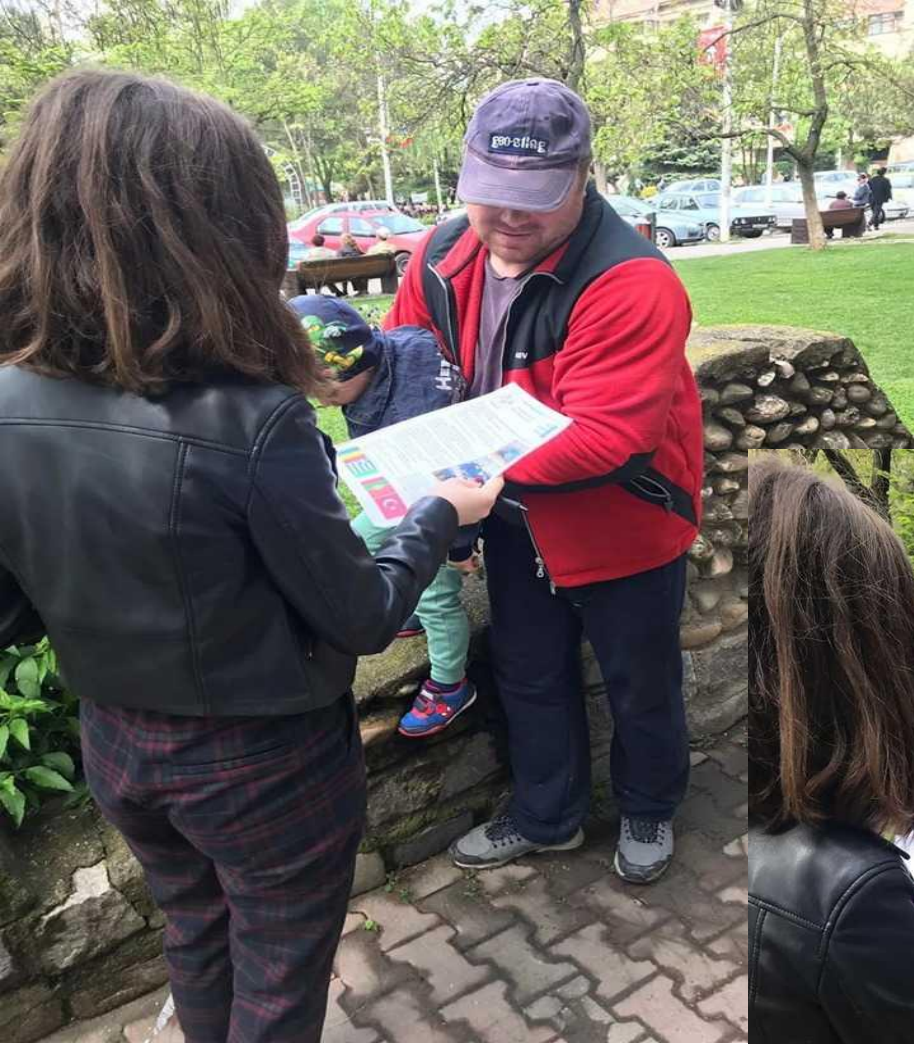

In Moreni's central park

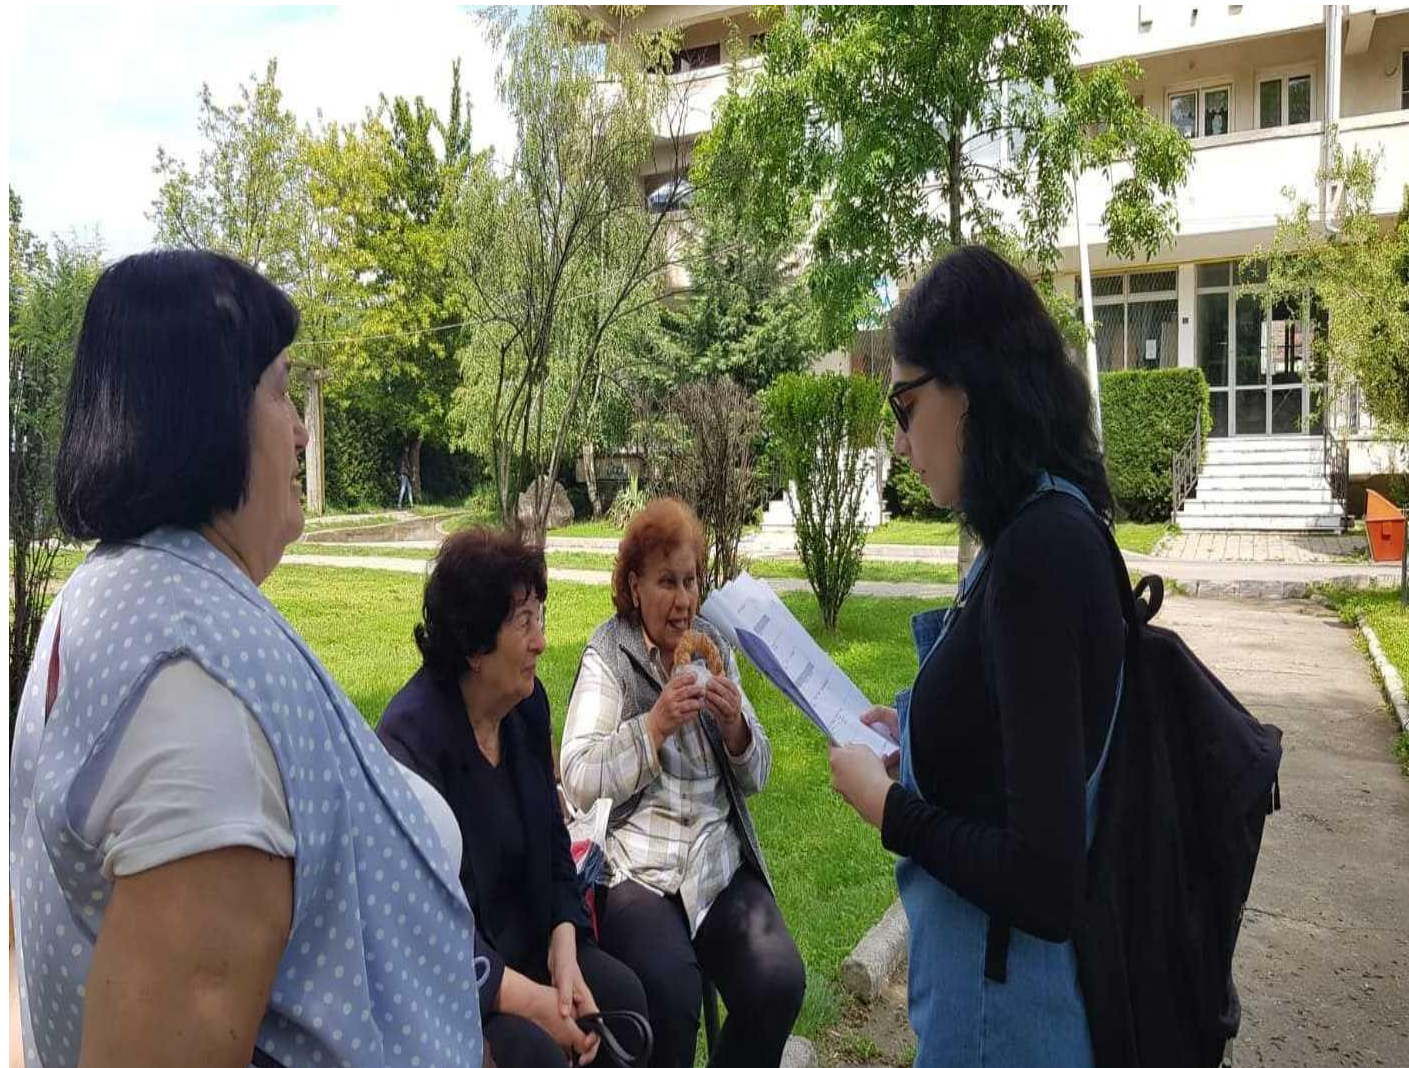

Asking the inhabitants from Moreni about the environmental issues.
