**Dissemination Workshop held at Colegiul Național
'Ion Luca Caragiale' from Moreni**

Target group: the local community

The date of the activity: 08.06.2018

The presentation shows some of the activities that were carried out during the workshop that was organised to disseminate the project results to the local community from Moreni. This activity was organised according to the plan of dissemination from the application form. The people who attended this workshop were students and teachers from our school, from two other schools from Moreni: Grupul Școlar de Petrol and Școala Gimnazială Nr. 4, parents, representatives of the Medical Care System, of the Town Hall and of the town library.

The project coordinator is welcoming the participants and talking about the project objectives and its results.

The project presentation

the project
website

Talking about what the project website contains.

Each partner school has a description that appears automatically if you click on the name of that school

From the main menu if you click on Products, these ones can be seen.

On the project website, the icons for the project Facebook community and Twinspace.

The participants who are attentively listening to the Information.

The project final product that we created in the first learning, teaching and training activities from Fatima—
‘Let's Do Sports!’

The final product: 'Let's Know What We Eat and Drink!'

Asking questions based on the final product 'Let's Do Sports!'
The participants answered through raising a YES/NO card

The participants' responses are warm and pleasant.

Talking about the Italian traditional sport.

Talking about the Romanian national sport-'oina'.

Talking about the Greek traditional sport.

Traditional food versus international one

Asking questions about traditional and international food based on the final products.

The participants' friendly involvement in answering the questions about traditional and international food.

‘A Healthy Eating Week’

Talking and asking about healthy eating-
‘Healthy vs unhealthy eating’.

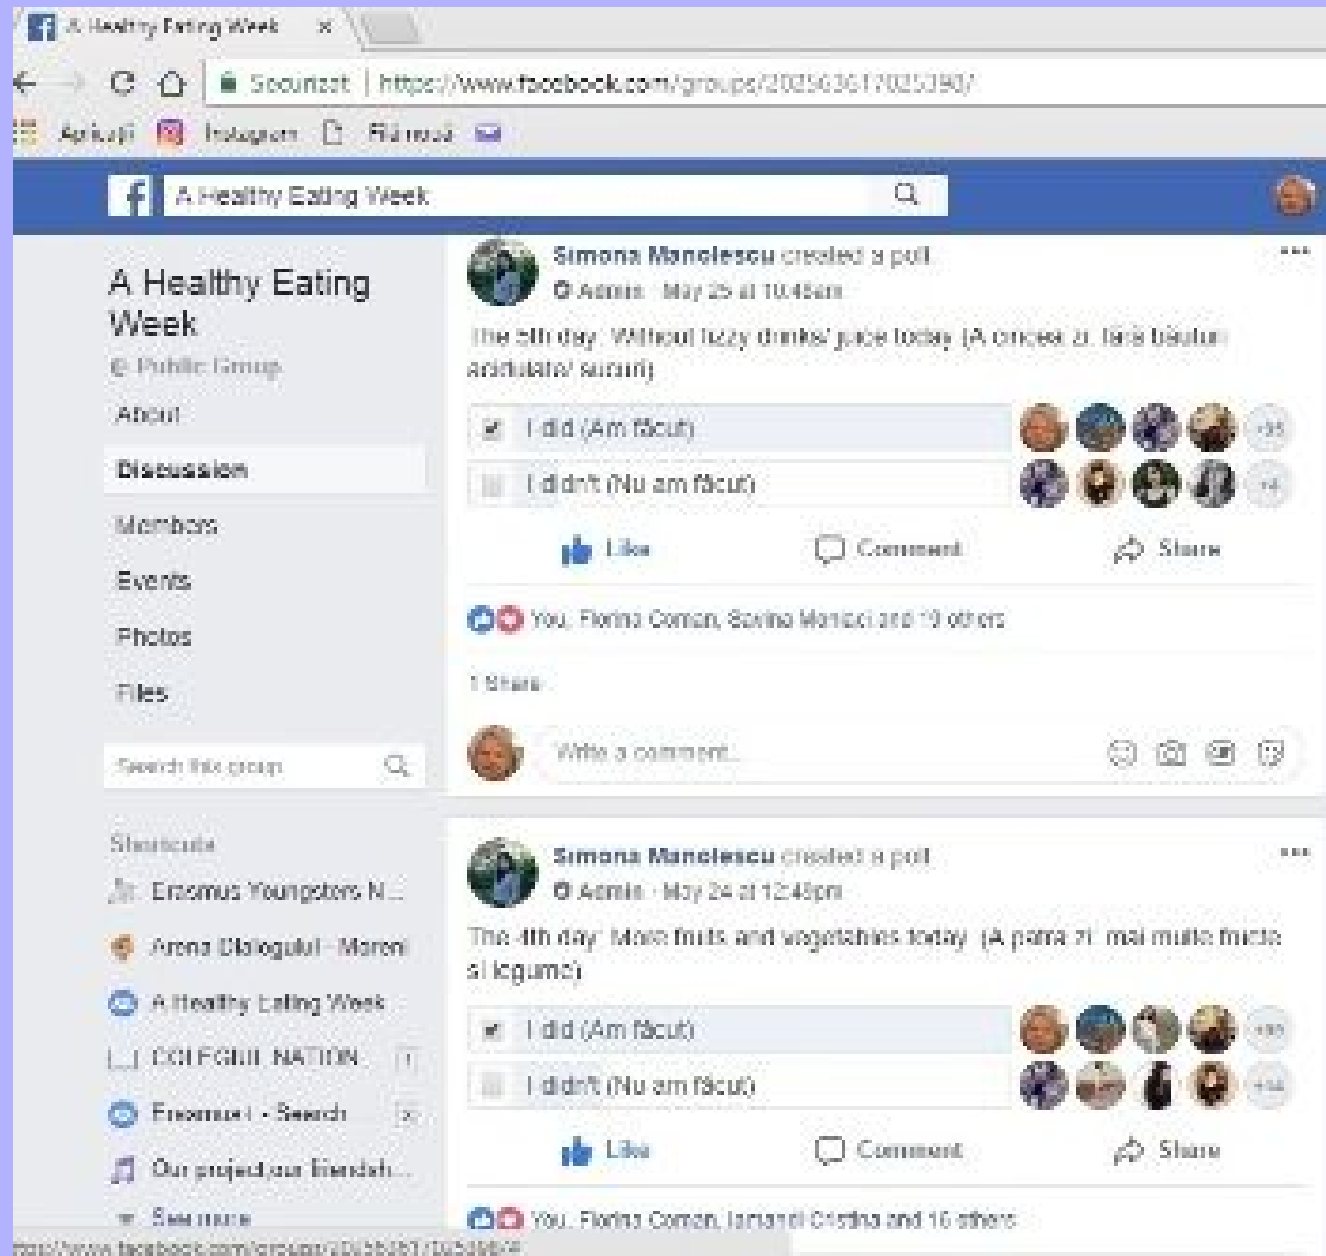

Facebook challenges that we organised : 'Less fizzy drinks today, More fruit and vegetables today, No processed food today.' So, on each day the volunteers took up a new challenge.

Talking about the film that the students made 'My Healthy Sandwich' in which students gave examples of healthy choices for making a sandwich..

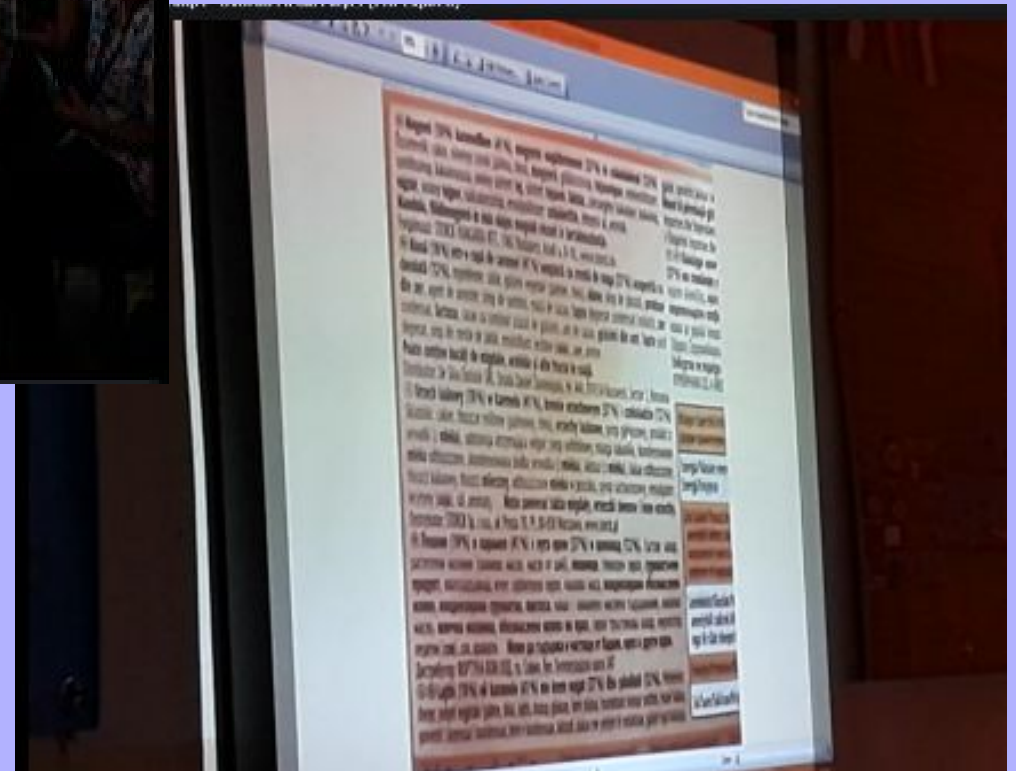

The community of ‘A Healthy Eating Week’ for the Facebook challenges has 672 members who answered.

Do you know to read food labels? The participants were shown what traps food labels contain .

One of the labels on which the explanations were given.

‘A Day of Sports’ campaign during which the students did different sports activities and they also played some of the games we learnt in the first Learning, Teaching and Training Activities that took place at the partner school in Fatima, Portugal.

What their participation represents for them.
Emma said that her participation in this project activities had made her boost her self- confidence and had helped her to have a healthier lifestyle.

Dragos said that he was happy to have that opportunity of meeting such extraordinary students from other countries with whom he had made life-long friendships. He also stated that his English skills had improved a lot.

Cristina said that her involvement in the project activities made her improve her ICT skills and her communicative competence. She raised her cultural awareness and she was happy that she was able to meet so many nice people.

Feedback time!

The participants were given an evaluation questionnaire for this dissemination workshop.

The participants filled in the evaluation questionnaire to see exactly what they had learnt from this workshop, what they had enjoyed, what the good parts and the weak ones were and if they would like to get involved in the project activities.

According to the participants' answers, the workshop was successful and everybody said that the activities had been interesting and instructive, the way the workshop had been conducted was engaging, they had not got bored and they would like to get involved in the project activities.
