The Popularisation and the Visualisation of the Project in Moreni

Target group: the local community

Date of the activity: 18.05.2018

‘Youngsters Nowadays. Where from, Where to?’ The ‘Youngsters’ from our high school know where they are going....this time, through Moreni, directly to its centre, to our main park, to popularise and inform the people about what we have been doing in this Erasmus project that our school has been implementing since September 2017. So, on High School’s Days we organised a campaign through which we aimed at presenting the inhabitants from Moreni that our students really got involved in activities that would enhance their skills and competences for a better life, which should include a healthy lifestyle, leisure time habits that are beneficial for their minds and bodies, an environmentally-friendly attitude and last, but not least.....professional development.

This presentation shows some enthusiastic and warm students who want to express through their actions their involvement in achieving the project objectives.
