

## **SWOT ANALYSIS OF THE EVALUATION FOR THE 2<sup>nd</sup> TPM IN BURSA, TURKEY**

According to the evaluation results of the 11 teachers who took part in the 2<sup>nd</sup> TPM in Bursa, Turkey, all participants agreed that the discussions were well structured and organized while the content was complete and detailed. The cooperation among partners was satisfactory and possible misunderstandings and problems arisen were solved in a sensible way. One of the participants, however, found that the time provided was not adequate but the objectives of the TPM2 were achieved.

All participants but one think that the organization of the 2<sup>nd</sup> TPM was excellent as well as the material and equipment available. As for the aspects to be improved, all participants found that everything went according to the plan. Nevertheless, one of the participants said that we shouldn't waste time on details, a second one asked for more time dedicated to work while a third one asked to reduce bureaucracy. Last but not least, all partners found that all main issues were handled during this meeting.
