What would you change in future projects to make them more interesting?

I'd like usign eTwinning Live meeting online

create common tasks, pupils/students from different countries make different teams, for example: 2-3 people from each country in one team

Promote collaborative activities. Online activities, made between all partners etwinning. I am interested to repeat a eTwinning project with you.

Plan collaborative activities with multicultural groups of students. Share responsibilities evenly between partner-schools.

Increasing students' interaction with students form other countries.
