## **Let's Play Greener!**

### **The Popularisation and the Visualisation of the Project in Moreni**

**Target group: the local community**

**Date of the activity: 18.05.2018**

On 18.05.2018, the Romanian project team 'Let's Play Greener' organised a campaign through which we wanted to make our project better-known in our town so that our townspeople should see that we are here to take action for a cleaner environment and more responsible citizenship.

There was a march through which, the students of our school headed to the park with banners and flyers and showed that every good change first began with the willingness to get involved and act, at every level, no matter how young the people are!
