ANIMALS

People discovered quokkas in 1600s. They live on Rottneest Island and Bald Island in Australia.

Koala is one of the most famous animals in Australia

FOOD

**An Aussie
breakfast can
take many forms
but the most
common is the
big fry up!**

**An old Australian
snack was doritos 3D.
It was popular in the
20th century and is no
longer available.**

FAMOUS SIGHTS

The famous sight is Uluru. It is a large sandstone in Northern Territory, also it is a part of UNESCO World Heritage Site. It became popular in 1930.

Sydney is the biggest city in Australia. There are famous Sydney Opera House and Sydney Harbour Bridge.
