MARCH 2016

Our Second LTT

All partners with students met together for the second short-term learning/teaching/training activity from 6th March to 12th March 2016 at "G. Deledda" Secondary School in Pescopagano, Dpt of IC "J. Stella" Muro Lucano, PZ - Italy.

It was a great week for teachers, families and also the community but above all for students that met new friends from other countries, experienced new situations and shared opinions too. The theme was "Disability" so we worked about this topic with mind maps, short acrostics and poems, drawings, wordsearch, ppt and videos about famous disableds in each own country. The Turkish delegation introduced Guler Demircan, the secretary of their school, affected by a visual impairment and a hero of judo, a true example so that we never give up and we should see the ability and not the disability. We worked hard and we are satisfied for what we planned.

The students enjoyed the different activities planned : Art workshop, Science and magic art workshop, the respect of life with poems workshop, sport and music. They also enjoyed some funny activities with the students and teachers of the Primary School. All together had a great time during the culture night : tasting different foods from the different countries , singing and dancing too.
