### Erasmus + DIRES Project Evaluation

Student Evaluation: thank you to the Italian mainstream students who took part at the fifth short term LTT activities at Esplanade Hotel in Bray with all of our DIRES partners. The graph below should give an idea of the reaction of our students to the Erasmus+ week and to the project in general. Thank you again for your time and effort in answering all the questions. We hope you enjoyed this new experience.

### In general

Students were very interested in the topic and now they know more about Inclusive Social Dialogue. They enjoyed the atmosphere at Esplanade Hotel in Bray and told that differences are not a problem infact they spent great time with everyone. During the different activities they were very helpful and kind with everybody. They are sure that after this experience they will face each problem with a positive attitude and kindness and above all never give up. For this topic they worked hard at school practising the different workshops and “eburu” technique for the activity in Bray.

### Students enjoyed:

- Meeting new people from different countries and cultures
- Sharing ideas and opinions
- Spending time with them during the activities at school

- Participating with them to the cultural excursions -Sea Life, Viking Splash and the Zoo in Dublin, Powerscourt waterfalls - and having fun on the bus and dart with the new friends
- making new friends

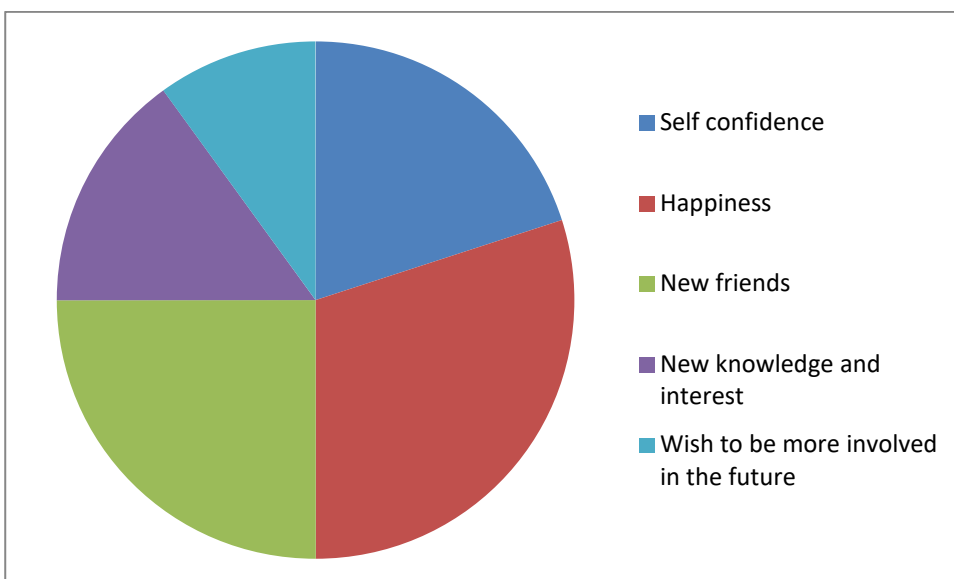

**Students felt that:**

- communication was better now infact they interacted with students and teachers without any problems because more selfconfident
- all the new students and teachers were very friendly, helpful and interesting people
