Parents evaluation : Thank you to all friends who participated in the LTT mobility in Bray/Dublin – Ireland . It was a new and great experience for our children and also for us. It is the first time our organization is involved in a European project. Our children had a great opportunity to meet new friends for other countries and learn about their customs and culture. It was a really great experience both for children and for parents that thanks to this project everybody experienced « Inclusive Social Dialogue» at different levels.

1)Did your daughter/son enjoyed the ERASMUS + DIRES meeting Esplanade Hotel in Bray ? Explain :

All the students enjoyed this meeting because they met new friends and shared great moments with them – during the workshop activities, during the excursions, during the culture night and also when they spent the free time with them sightseeing Dublin and Powerscourt Waterfalls. They wish they participated to each mobility if it was possible.

2)Different students were participating : Age (7-18), Situation (disabled/mainstream students), Origin (5 countries/6 schools), Languages (5). Did your daughter/son appreciate interacting with them ? Our kids didn't look forward to doing this experience in Bray/ Dublin, to meeting new friends and sharing opinions. They were a bit worried especially for the language, because it is also a barrier but they didn't have any problems because they had a good opportunity to improve the language (one of the goal of the project for us). They are interacting on Face Book group « DIRES », WhatsApp, Instagram too.

3)What do you think your daughter/son get from this European experience ? Explain briefly :

Thanks to this experience their kids are : more selfconfident more respectful happier more interested in studying They also have : new interests new competences new friends at school and in Europe better contacts with teachers
