

How do I celebrate Christmas and Christmas traditions in Bulgaria?

Christmas for me

I think everyone should be with their families at Christmas. To decorate their homes, prepare a festive dinner and have fun.

Christmas Eve December 24

Christmas Eve December 24 is called the day before Christmas. In our family every year we make bread with animals, prepare different dishes for the table. We have fun, play family games and watch movies. Then we break the cake and everyone gets lucky.

December 25 - (Christmas)

At Christmas we open the presents that are under the Christmas tree. We give each other Christmas boats. We eat meat, pie or homemade bread. For dessert we eat kozonak or Christmas cookies

Christmas symbols in Bulgaria.

The Christmas tree is among the most common traditions associated with the celebration of Christmas. It is an ornament of an evergreen coniferous tree - most often of the genus fir, whence the name. Before Christmas, the tree is cut down, brought into the home and decorated with colorful lights, ornaments and treats. In some cases, large street trees are decorated in strategic places without being cut down. Also, in some cases, artificial trees are used instead of living ones.
