eTwinning PROJECTS "Cybersecurity Schools"

From **September 1st 2019** we are working on our Erasmus+ project "Cybersecurity Schools" with partners from **Hungary, Italy, Poland, Romania** and **Turkey**. The project is linked to the **eTwinning Platform**, from which we are articulating all the communication and collaborative work tasks.

The work we are doing will be published in the project's official blog, website and TwinSpace. These are the links:

- **Official Project Blog:** <https://cutt.ly/VryTroB>
- **Centre's website:** <https://cutt.ly/KryTtIJ>
- **TwinSpace:** <https://cutt.ly/lryTyxH>

Each student has a username and password to access the common **workspace** called **Twinspace**. With this European Project, we aim to exchange good educational practices regarding the security and privacy of our students when they browse the Internet through any electronic device. We would like to organize and develop the **First International Bilingual Congress on Cybersecurity** (3rd quarter 2020/2021), share **our best practices** and publish the **Proceedings of the Congress on Cybersecurity**.

We remind you that with the registration you signed the **authorization for the use of images and videos for the** exhibition and dissemination of the students' work in our school, educational pages, written and digital press, television, website and official blog of the project. If any parent or guardian does not want their child to appear in such media, please let us know as soon as possible and choose the option **I DO NOT WANT**.

Mr./Mrs. _____ with NIF _____ as
parent or guardian of the student _____ in (level
and group) _____ of Primary Education.

EXPRESS

- I **reiterate** my consent to the use of images and videos for educational purposes.
- I do **not want** my child to appear in pictures and videos of the project.
