Active Learning and Innovative Teaching in Flexible Learning Spaces MOOC
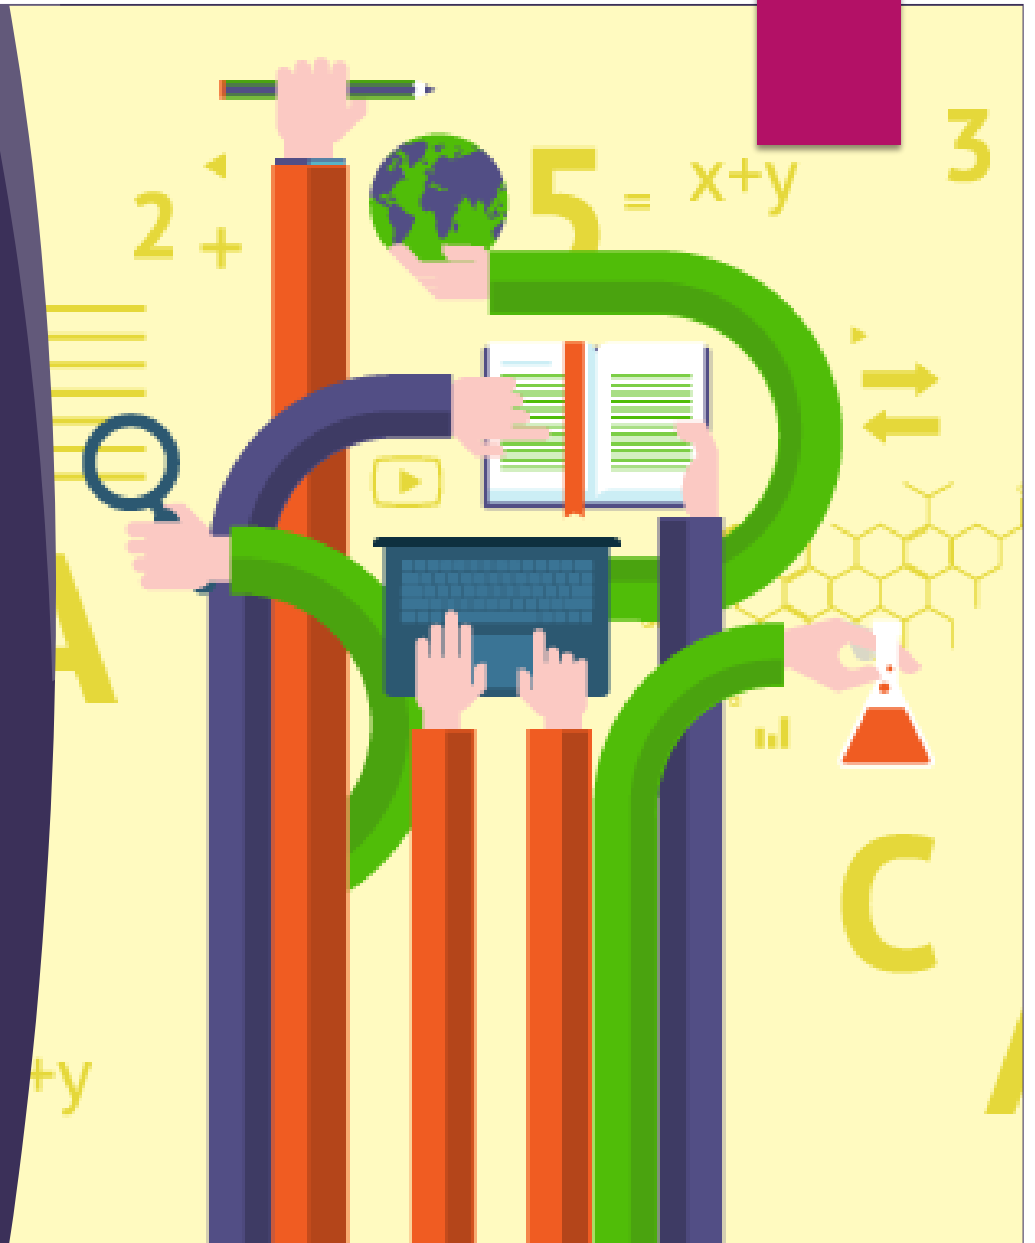

WELCOME WEBINAR

▶ WE WILL START AT 17:00 CET

Active Learning and Innovative Teaching in Flexible Learning Spaces MOOC

WELCOME WEBINAR

17 JANUARY 2022

Course Designer and Moderator

- Pedagogical Officer at European Schoolnet
- Educational studies with focus on Curriculum Design
- Development of professional development workshops and conferences for teachers
- Coordination and moderation of online courses
- Design of educational material for MOOCs
- Involved in: eTwinning, Future Classroom Lab, School Education Gateway, Novigado and others.

Alexandra Almpanidou
@AlmpanidouAlex

NOVIGADO

The overall objective of the Erasmus+ funded Novigado project is to **support schools and related stakeholders in the transition from a conventional and teacher-centred classroom into teaching practices that promote active learning with the support of innovative learning environments and use of relevant ICT.**

- Website: http://fcl.eun.org/novigado
- Facebook: @futureclassroomlab
- Twitter: #Novigado

Webinar Structure

- Warm-up questions
- Course structure
- Course content
- Your thoughts on the content
- Instructions for the final mandatory activity
- Certificate requirements
- Practical information

Course Structure

📅 Starts 17 January – Finishes 23 February

📢 Live Events
- Welcome Webinar: Monday 17 January, 17:00 CET
- TeachMeet: Monday 14 February, 17:00 CET (are you interested to participate as a speaker? The fill in the necessary form provided here).

Course Structure

4 Modules – open every Monday

Module 1: Active Learning

Module 2: Dynamic Classrooms

Module 3: Learning Beyond the Classroom

Module 4: Scenario Building

Module 1

In this module we will learn:

▶ what active learning is

▶ how can we implement it in class

▶ key competences and transversal skills

▶ flexing learning spaces
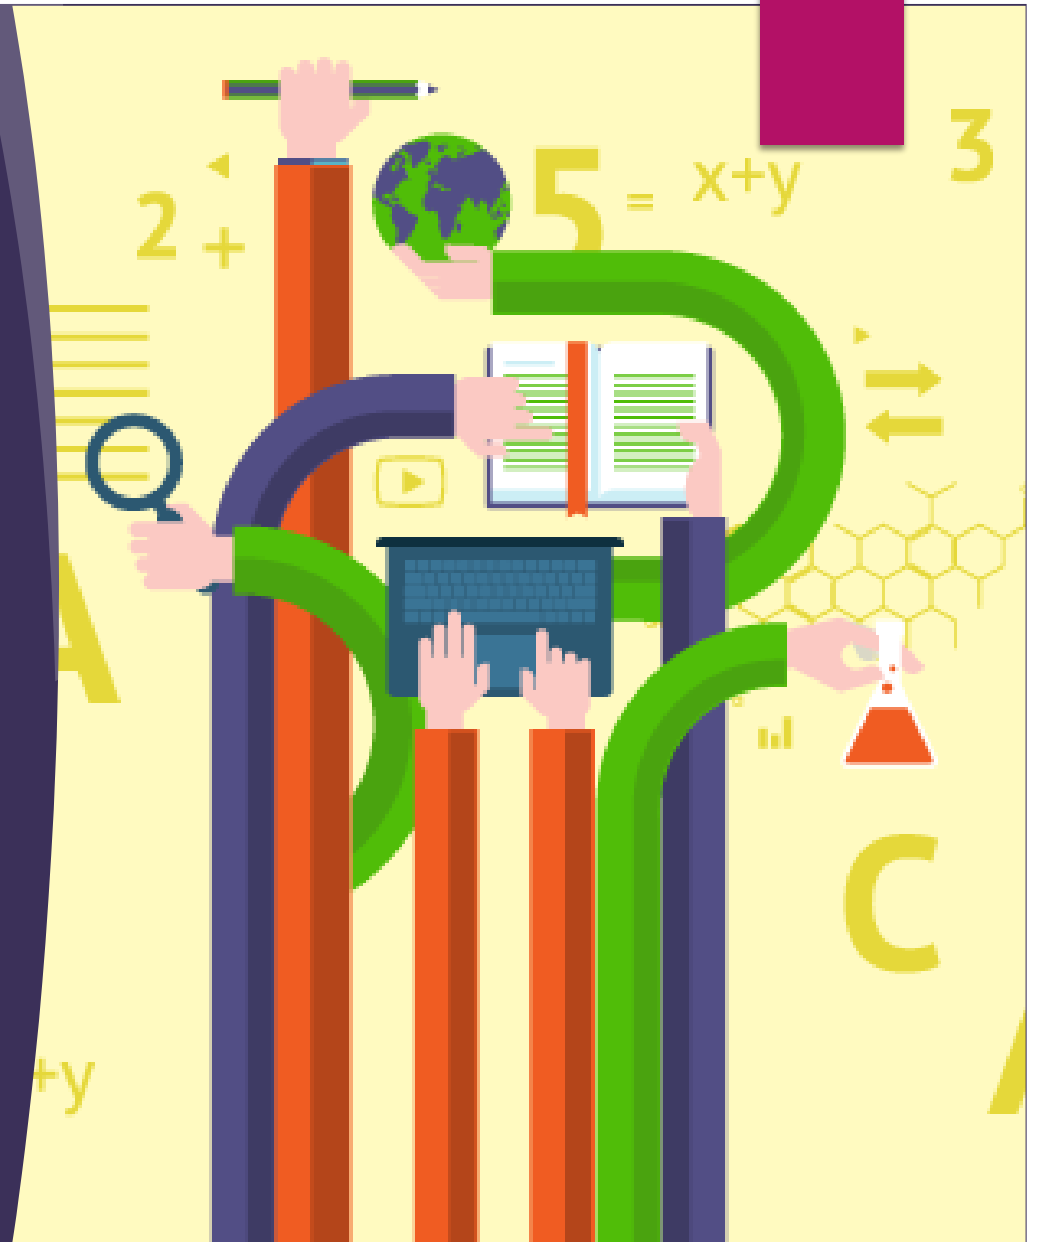

Questions to reflect on:

How can we implement active learning in classroom?

Can you share some active learning practices for primary/secondary students?

How can we cultivate students' key competences and transversal skills?

What do we already know about flexible learning spaces?

Module 2

In this module we will explore:
- dynamic classrooms
- spatial tools we use to organise learning
- some basic steps to redesign classrooms and
- make them more dynamic.
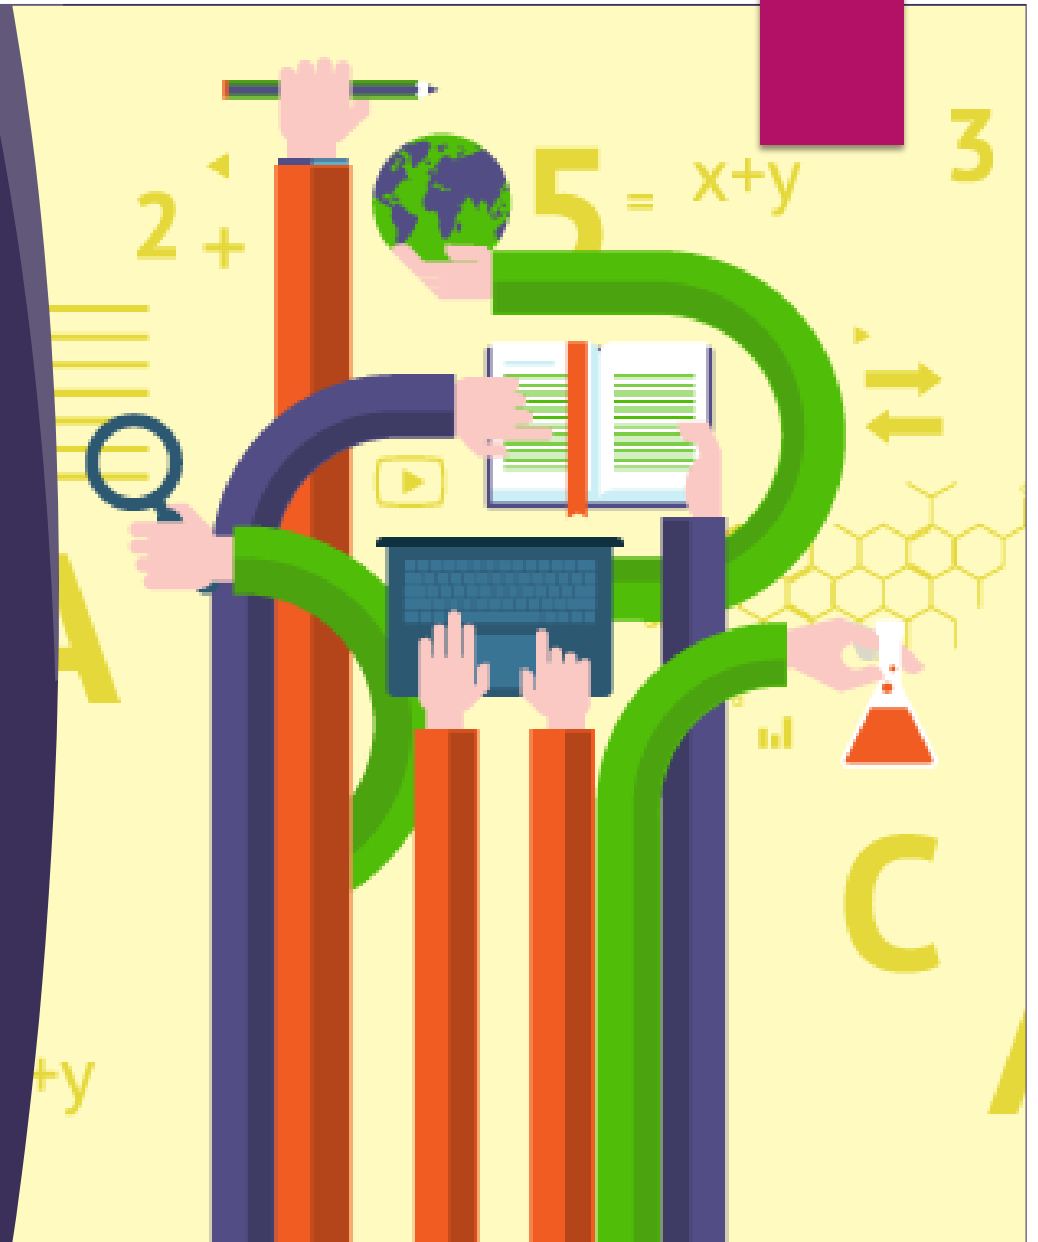

Questions to reflect on:

What are some challenges that you are facing when teaching in your classroom?

How can teachers address these challenges?

Can you come up with some dynamic classroom formats?

How can you redesign your classroom?

Module 3

In this module we will explore:

▶ 6 Learning zones of the Future Classroom Lab

▶ Learning beyond the classroom

▶ Activities when moving the learning outside of the classroom

▶ Online Scenario Tool
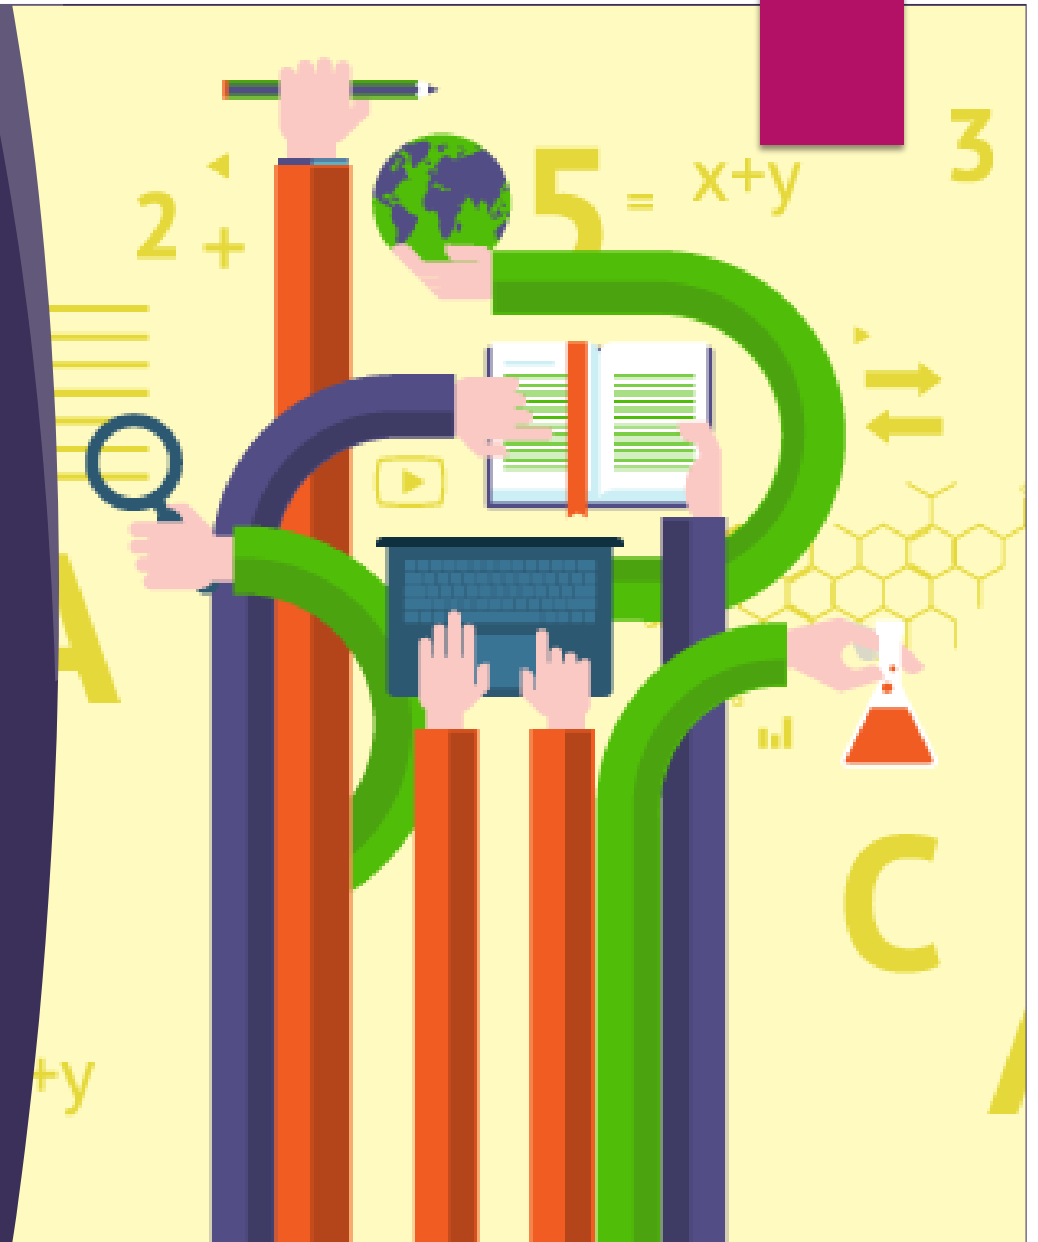

Questions to reflect on:

What activities do you do when moving the learning outside of the classroom?

From the 6 FCL learning zones mentioned, in which zone would you like to focus more and why?

What are some activities that can take place in the learning zone of "Create"?

What are some tools that can support learning?

Module 4

In this module we will:

▶ Design our own learning scenario through the Online Scenario Tool

▶ Provide constructive feedback to 3 peers

▶ Receive feedback for our scenarios
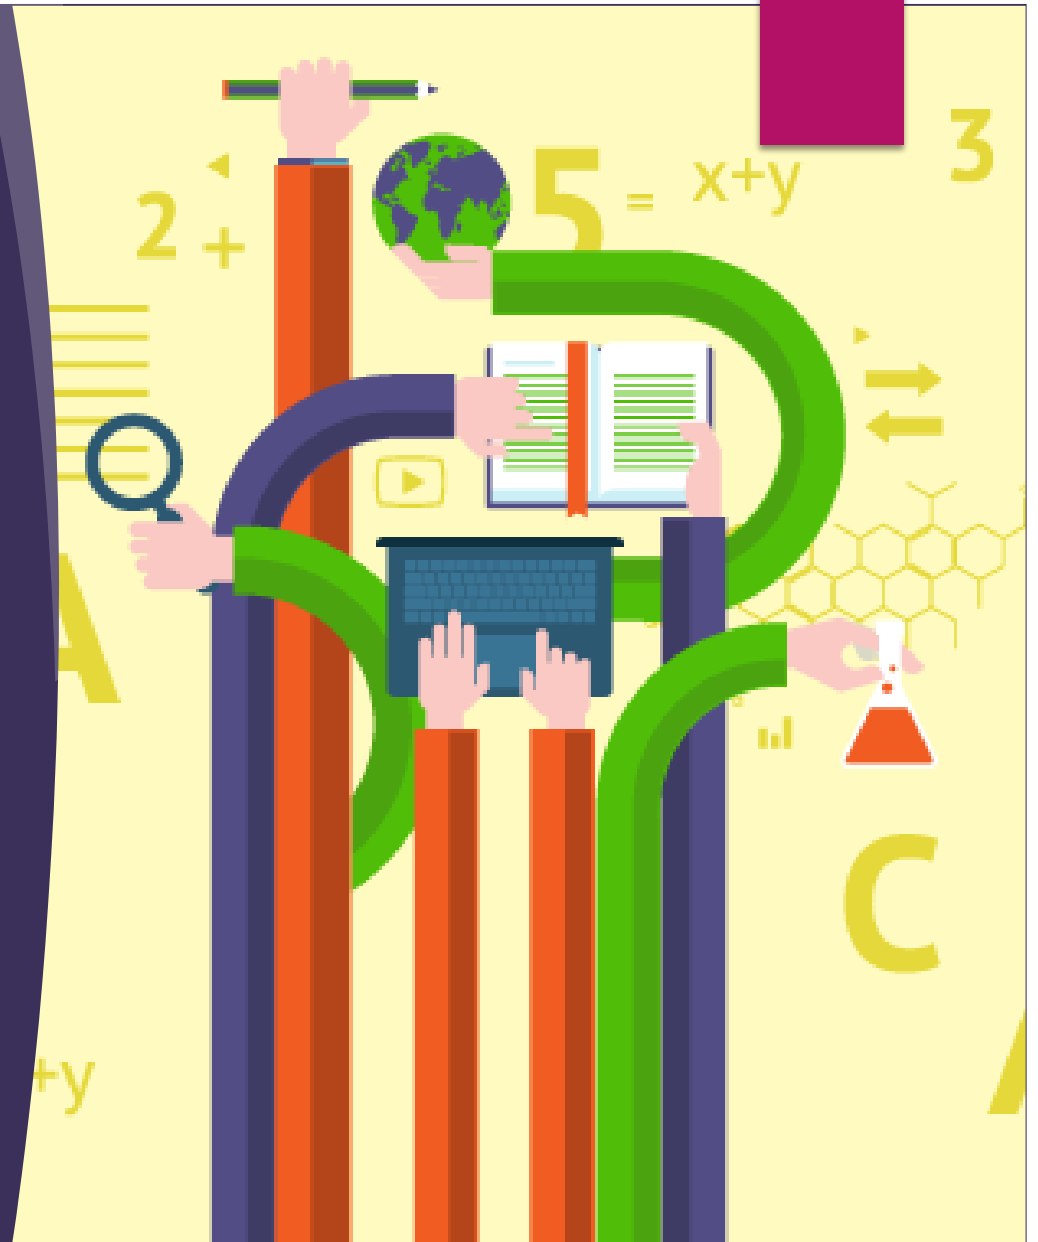

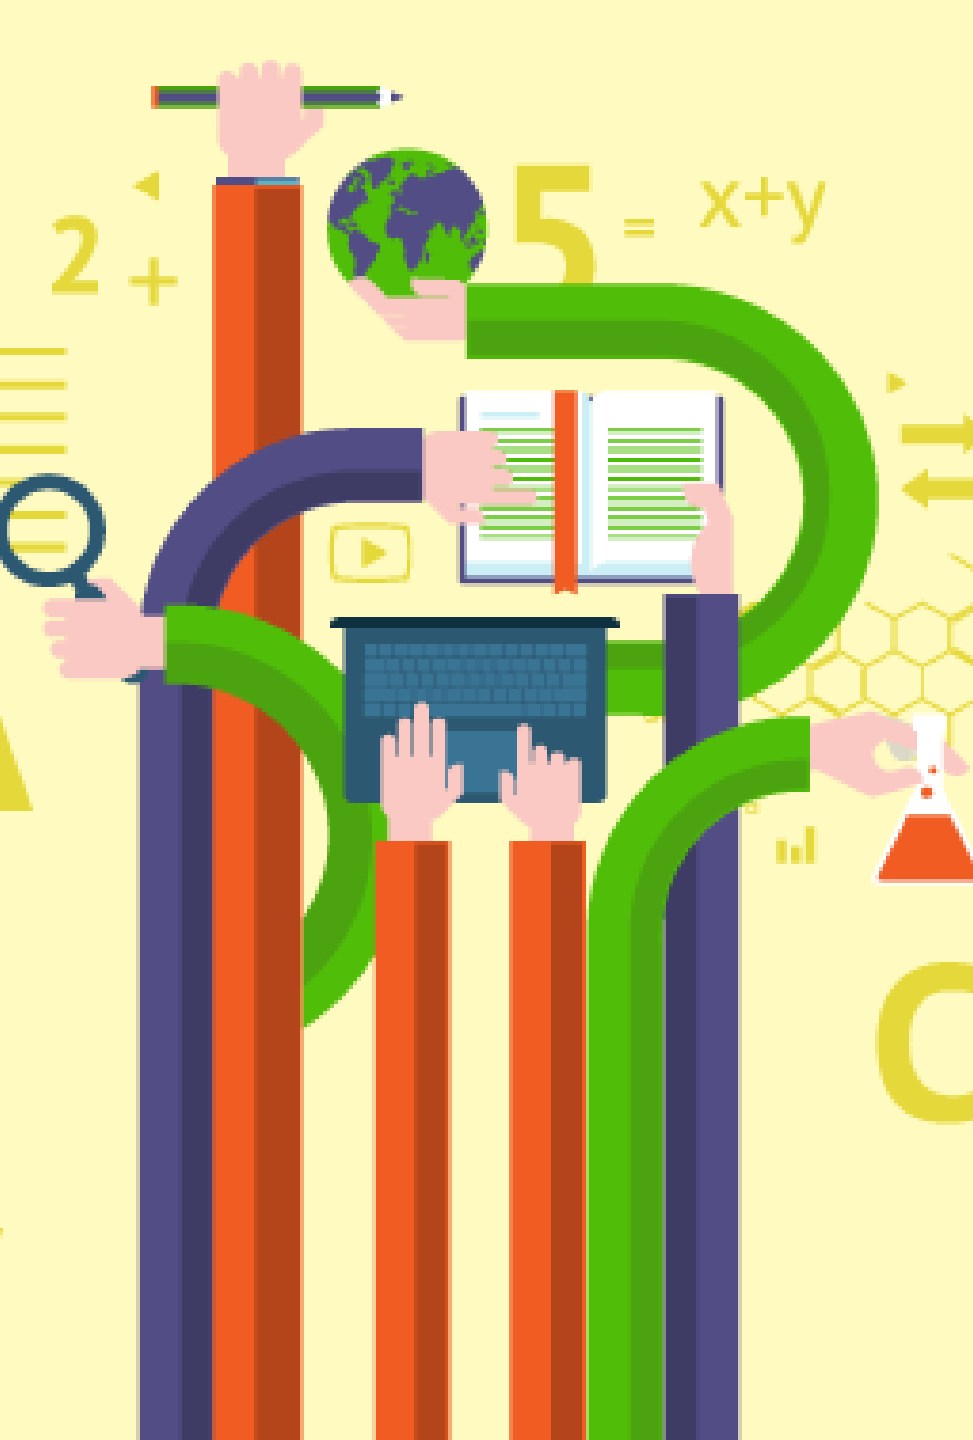

Your turn!

▶ Please visit sli.do with the code: #591969

Peer Review Activity
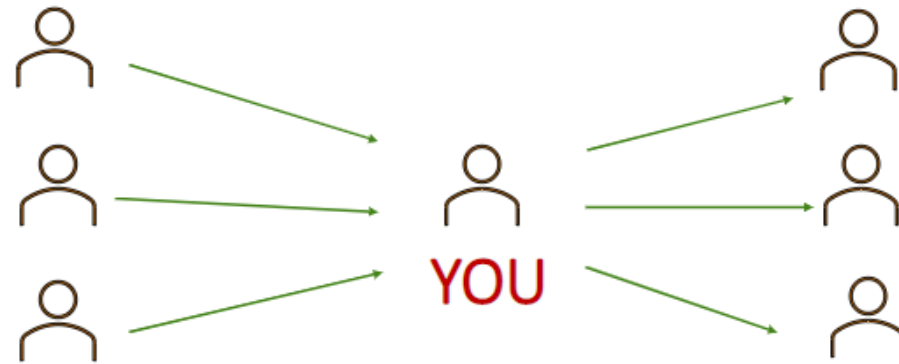

Step 1: Submit your work
Step 2: Provide constructive feedback to 3 peers
Step 3: Receive reviews from 3 other peers

The deadline to complete the peer-review activity is Wednesday, 23 February 23:59 CET.

Certificate

▶ How?

✓ Visit all sections of the modules

✓ Be an active participant and engage in discussions

✓ Develop and submit your learning scenario – Deadline 23 February

✓ Review the scenarios of 3 of your peers – Deadline 23 February

Participate in discussions
