

## My holiday in Rome

### **1. Where and when did you go?**

When I was 10 years old I went with my family to Italy for the holiday. We traveled to Roma. Rome is capital city of Italy. Italy is very beautiful historical country with fine food. Almost everybody loves pizza!

### **2. What did you see?**

I love Rome. Rome is a magical city for me. We visited most of the famous sights there, like Colosseum, Pantheon, Trevi Fountain and others.

### **3. What can you see and visited in this city?**

Colosseum is gladiatorial arena and theater and also the most famous sight in Rome. In 2014 archaeologists decided to clean the walls of Colosseum. They didn't want to use any chemicals, so they decided clean the Colosseum with toothbrushes.

Pantheon is two thousand years old church. They aren't any windows on the walls. Pantheon has big hole in the ceiling.

Trevi Fountain is also magical. When you throw of a coin from the right hand over the left shoulder you will return to Rome in the future.

We also had best icecream ever in Rome in small shop near the Navona square.

We spend four days in Rome. We had good time.
