and to "Arts Talk About Us" partner schools,

Trofarello, April 27th 2020

Dear partners,

We regret to inform you that we have to cancel the LTT meeting planned for May 11th-16th in Trofarello due to Covid-19 emergency.

Restrictions in Italy are going on and schools are likely to be closed until the end of the school year. Moreover, accurate forecasts for the next months are difficult to make, considering the uncertainty of the emergency development with its different timing in Europe.

We will constantly follow the evolution of the situation, especially as for the restrictions on journeys abroad, keeping in touch with and waiting for any news from the coordinator about the TPM planned for June in Benetússer.

Wishing you, your families, your school teams and your students health and safety, and hoping that we will all get over the emergency very soon, we look forward to your kind reply.

Best Wishes,

Prof. Rosario Carmelo Catanzaro
