

ARTS TALK ABOUT US OUR CALENDAR

- * This is just an idea, it's allowed changes, improvements, proposals, critics... Maybe we can use different color for each season of the year, coinciding with the quarters
- * Obviously, the calendar will not be complete until we have the logo, but i have inserted the months of september and october as an example so that you could see the idea.
- * Perhaps we could receive ourselves (as coordinators, if someone is interested in designing the calendars we can also talk about it and distribute the tasks) the calendars of all the partners before the meeting in Croatia and bring several proposals in paper format (to see them) and digital (to be able to print them each from its center)
- * We are sending you the documents in ODT and PDF because it could be that many of the sources used do not have them installed and the design moves. in PDF you could see the general idea and work on the ODT.
- * In the definitive calendar we will change the LOGO of Erasmus + to which the agencies offer in English, here we have used Spanish because it was the one that we had downloaded ...
