Welcome to VMU lyceum SOKRATUS

We have been working with love and passion for 4 years. We started as a SOKRATUS school. Now we are Vytautas Magnus University lyceum SOKRATES. But about everything in the beginning!

# Partnership and perspective

- In 2021 school SOKRATUS joint to Vytautas Magnus University and we became Vytautas Magnus University lyceum SOCRATUS
- In 2021 grades 0-8 are taught in the lyceum.

# The basis of the lyceum is 4 columns

- Academic achievements
- Teacher competencies
- A safe and growing environment
- Innovative learning technologies

# School efficiency

- Student 's personal academic and co - competence progress
- Data from international and national inspections.

The main goal is to develop a free and happy, creative personality, striving for the highest learning achievements and a successful career.

Every child has innate talents and the school must reveal his inner powers.

# Teachers

- At the lyceum employs creative and challenging teachers who develop personalities who adhere to the Teachers' Code of Ethics.

- Teachers have mentors - VMU professors and researchers
- Improves skills at VMU Academy of Education.
- The most talented teachers trained by this institution will join to Lyceum teachers.

# Education

- Humanistic philosophy of education.
- The innovations to modern school activities.

# Integrity and individuality

Comprehensive education:  
teaching is based on a  
variety of disciplines.

The principle of  
equivalence: linguistic,  
cultural, mathematical,  
scientific, technological  
and artistic literacy are  
equal.

The student remains the  
center of attention, and  
each student is educated  
according to a unique  
educational strategy.

## IŠBANDYKIME DIENĄ BE IŠMANIŲJŲ PRIETAISŲ

Gali skambėti, kaip nelengvas iššūkis ar beprasmybė šiuolaikiniame pasaulyje. Tačiau sklendo gandas, kad negalėdami susirašinėti ar tikrinti žinių, savo aplinkoje galime atrasti įdomių dalykų.

## JUMS PAVYKS!

SOKRATUS

**Svarbiausia, būkite kūrybiški!**

Daug kantrybės ir jėgų reikalauja įsivažiavimas į nuotolinę dienotvarkę, erdvių padalijimą, mokymosi ir užduočių atlikimo užtikrinimą, laiko planavimą ir kitus nuotolinio mokymosi bei darbo ypatumus.

# Community is our strength

- A strong school community has already formed.
- The school has become a reliable family partner, teachers and parents make up a great team of educators!
- A flexible school that is constantly learning and collaborating.
