

# Dissemination Summer Camp Latvia

Slow down education in the nature

Erasmus+ KA229 project

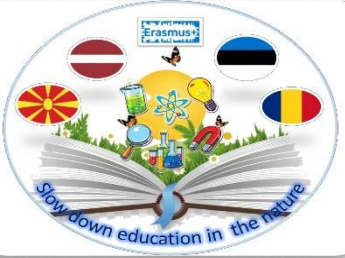

# Summer Camp Latvia

## 19<sup>th</sup> -23<sup>rd</sup> August 2021

The main purpose of the summer camp was to get to know all the schools partners, their countries, cultures and traditions and encourage a healthy lifestyle using the project-based learning method and practical activities.

The following activities took place during this summer school:

- workshop on the method of learning through projects and practical activities
- workshops to promote a healthy lifestyle (healthy eating, physical activity, communication, stress management)
- presentations of schools, countries, traditions and their customs
- sports activities in nature
- STEM workshop in nature
- local walks related to biology, geography, history and natural sciences
