Chorus:

We’re in it together,
Forever and ever.
saving our water, land, and air.
This is our planet to share.

Verse 1:

We need clean air around us all.
Land to walk on and waterfalls.
But the world is changing day by day.
LISTEN to what we say.

One by one, we can spread the news
About how to STOP pollution blues.
Together we’re reaching out to you,
To help us save the Earth.

Chorus:

Earth! We’re in it together,
Forever and ever.
saving our water, land, and air.
This is our planet to share.

Verse 2:

Imagine our world, clean and litter-free.
From the ocean to the sky.
Join our hands, share the vision we can see.
Let’s begin by taking pride!

Repeat Chorus 2x

Together we can show we care.
This is our Earth to share!
We’re in it together!

We’ve got the whole world, in our hands

We’ve got the whole world, in our hands
We’ve got the whole world, in our hands
We’ve got the whole world in our hands
We’ve got the whole world in our hands

We should recycle now - all that we can
Reduce, Reuse, Recycle - all that we can
We should recycle now - all that we can
We’ve got the whole world in our hands
Be kind to the plants and animals - in our land
Be kind to the plants and animals - in our land
Be kind to the plants and animals - in our land

We’ve got the whole world in our hands

Join hands with sisters and brothers -
throughout the land
Join hands with sisters and brothers -
throughout the land
Join hands with sisters and brothers -
throughout the land

We’ve got the whole world in our hands

Dream your bright dream - then do all that you
can
Dream your bright dream - then do all that you
can
Dream your bright dream - then do all that you
can
We’ve got the whole world in our hands
We’ve got the whole world, in our hands
We’ve got the whole world, in our hands
We’ve got the whole world, in our hands
We’ve got the whole world in our hands
