I think that activities for knowing each-other better would improve the way activities are done!

Don't have nothing to say is good project like that

this project helped me understand many things, learn how important ecology is and a few things about Turkey

I think it would be great if many other countries would take part to the project.

I don't think I have anything to add, the meetings were very well organized. It was a really fun
Different themes for activities ,more countries to participate and maybe in the future we will be
able to travel again for this project to be more interesting.

It was a great experience and very rewarding. I have learned many academic things about the
environment but also cultural ones. It has been enriching. Gràcies (Thank you).
