Any comments on the activities?

35 respostes

No

They were really beneficial.

The activities are useful

no

No, I think it is good enough

I would like to more presentation from experts who are working on our topics.

I think they are very original and most of them are funny and helpfull

i like it

No, we believe that everithing is great.

No, it's a very good project anyway

I think it was a very useful activity.

the activities were fun!

In my opinion they can be strongly improved.

In my view it was really good that we all could be able to talk each other.

good

---

I think it's more important how we do it than what we do, because even though we do projects, if we don't raise people's awareness in some way, our problems will continue to increase. no matter how many projects we do.

Communicating with students in another country

The part of creating our campaign to reduce food waste with the other countries

Do the Ugly food work

The Best thing about project could be informing and creating awareness.

The first part, when we had to concienciate about the contamination and the wastes

To meet eople around the world

actually the quiz opinion was good

Se can chair ideas with other countries.

Talk with the People of other countries

What did you like the most about the project?

77 respostes

The online workshop was really informative.

Colaborate with students from diferents parts of the world.

I really liked the online workshop, I learned a lot of things.

I like the subjects

The solutions

Meeting new people and be able to learn new vocabulary

Game Quiz

my favorite activity in this project was that we gave each other ideas about how we make edible to ugly food

It brought awareness

Brainstorm activity

Its about foods and I like eating something and foods

THE COOPERATION

Because it's in English

We have learned so much about invisible waste and this has helped us to become aware of this very important issue for the health of our planet.

Talk to turkey students.

Work with people from other continent

Communication

What did you like the least about the project?

77 responses

I actually liked everything.

I like everything.

I did not have anything that I liked it least.

The lack of communication that we had with Greece and Portugal

I liked everything

I don't like the activities we have to make videos

I liked them all

## What did you like the least about the project?

77 responses

The part of the articles

Have to make some exercises

Design the campaign

The Espigoladors presentation

I didn't really like the articles and videos on Invisible Waste and participation in the discussion forum

I don't think I didn't like anything about the project.

maybe there were too many people

## What have you learnt?

77 responses

I learned so much about food waste, climate change etc.

About the ugly food, the food waste and the wonky food. I didn't know a lot about it.

I'll try to reuse the ugly food and eat most of my food. After seeing the statistics about the wasted food, I was pretty shocked.

I learnt a lot of things.

I learnt that we need to be more careful about foods.

New vocabulary

I learned that we should be much more aware of waste.

how to make ugly foods edible or avoid food waste

I learned a lot of things about invisible waste and wonky foods

I wasn't aware about the problem of the ugly food waste and now I am

I learned a lot by doing these jobs

We are sending lots of food and we leave leftovers. It makes me feel that we are too harmful for our world and new generations.

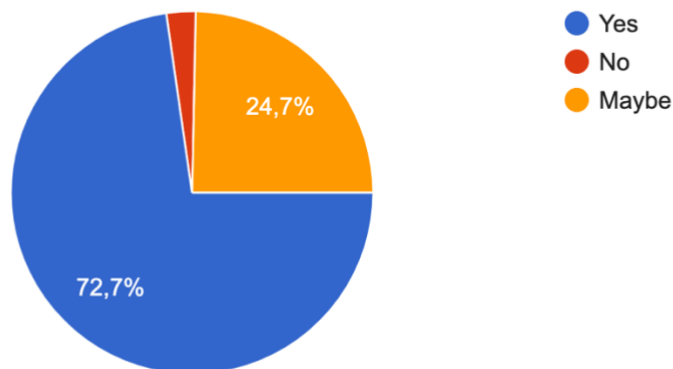

Yes, 11

Now I know what ugly food is and I'm conscious that we don't have to throw it because it's good too.

i learnt ugly food has one difference and it is ugly foods shape and we are buying too much and we are not using it and it becomes waste and super markets does not buying ugly foods and it becomes wasting too

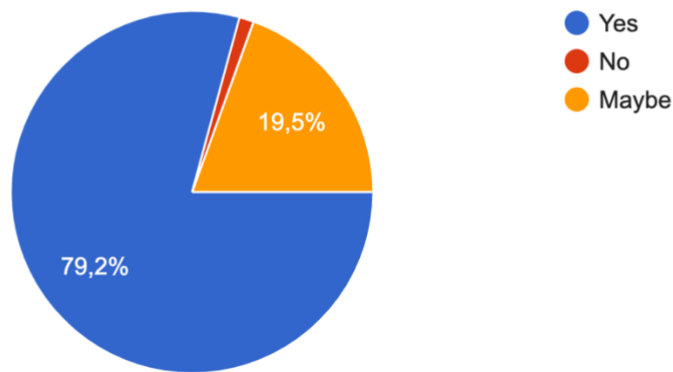

After taking part in this project, are you going to take action to reduce food waste?

77 respostes

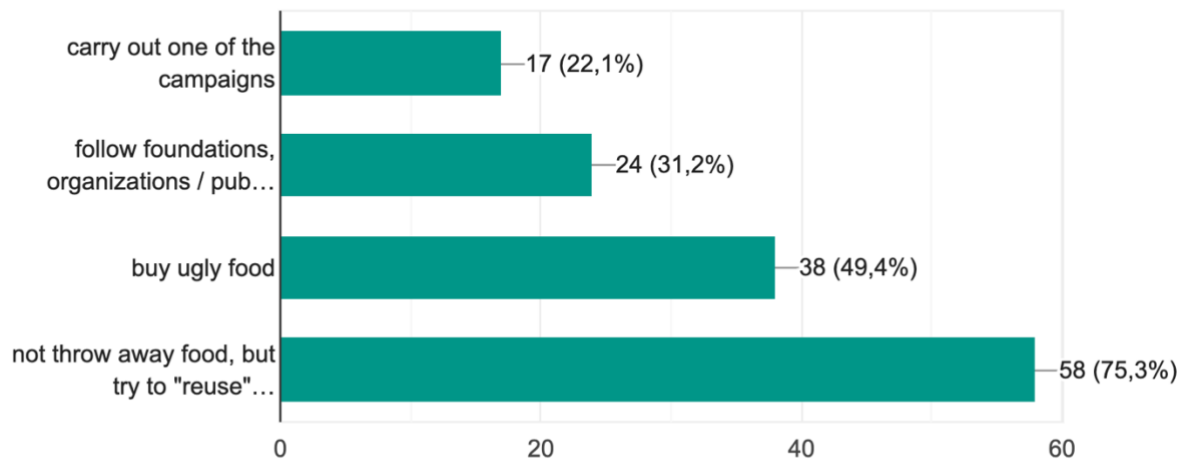

After taking part in this project, will you be more aware of ugly food and particularly of wonky fruit and vegs?

77 respostes

If you answered yes in any of the two of the previous questions, what are you going to do?

Everything was great

I liked participating because I had a good time and I have learned a lot

all is perfect

I think it's perfect

It was a great project

I write all

Advise more people

This project is more boring than I thought

Good project

I think this was great. People should be more aware of the waste.

I think this project is different and useful for all of us

That's all

It was really great project. Thank you

It would be great if all of our campaigns could be carried out

No,nothing

Definitely I must make more project about these topics.
