

A fishery scientist

A FISHERY SCIENTIST IS SOMEONE WHO PROTECTS
ENDANGERED FISH SPECIES FROM OVERFISHING

(ONISEP FICHE
ORIGINAL)

WWW.PREMIER

(CANVA)

skills required

- a fishery scientist has to be
serious kind and careful as well as
intelligent

(WIKIPEDIA)

OPINION ON THIS JOB

I THINK IT IS A VERY GOOD
JOB TO PROTECT THE
OCEANS BECAUSE IT IS
USEFUL FOR THE FAUNA
AND FLORA (AND TO SAVE
FISH)

(PISHIPEDIA)

CE MÉTIER ÉTABLIT UN LIEN AVEC
L'OCEAN CAR IL CONSISTE A
PROTÉGER LES POISSONS
MENACÉS DE SURPÊCHE , CE
MÉTIER EST DONC POSITIF POUR
LA PLANÈTE CAR IL PERMET AUX
POISSONS DE POUVOIR ENCORE
SE REPRODUIRE ET DE NE PAS
LES METTRE EN DANGER
