

Dear friends from the future,

My name is Anna, I'm 14 years old and I live in Thessaloniki, Greece. My family constitutes from other three members, my brother, Nikos, who is a university student, my mum and my dad.

### SCHOOL SUBJECTS

My favorite subjects are Maths, Science, Chemistry, Biology, Computers, Arts and, of course, the break. I kind of hate almost all the other subjects, because I find them either boring or useless to my future. That's because probably in the future I would like to design programs on the computer or generally work with a computer or it would be nice if I managed to be a forensic scientist.

### HOBBIES

In my spare time (if I have any) I spend hours in front of the computer screen and watch movies or series or youtubers (I especially like Pewdiepie) or other funny videos. I also play a lot of horror video games. If I'm not in front of my computer I either do all the above on my tablet or I listen to music. My favorite kind of music is Metal and Rock and sometimes Trans. My favorite bands are: Metallica, System of a Down, Trivium, Nightwish, Slipknot, Nirvana, Beatles, Iron Maiden and Pink Floyd. I don't listen to Pop or Rap or Greek music. I less often listen to Skrillex or Epic music such as Two Steps from Hell.

Here are some links of my favorite songs:

\*\*\*WARNING: You may not like it and you maybe want to turn down the volume in some songs.

Strife – Trivium: <https://www.youtube.com/watch?v=llvSXocE6YY>

System of a Down – Aerials: <https://www.youtube.com/watch?v=L-iepu3EtyE>

Nirvana – Smells like a teen spirit:

Skrillex – Kill everybody:

I am not a kind of person that likes reading books. The only kinds of books that I like reading are the comics. For example Lucky Luke, Asterix and Obelix, Donald Duck, Scrooge McDuck and Miki Mouse. The only active hobby I have is skateboarding, but I have time to practice it only throughout the summer holidays.

### **FASHION**

I'm not very interested in following the fashion. I think I have my own style and I try to keep it whatever the fashion is, because I don't always find fashion beautiful and I like being different. That's the point of life isn't it? Being different! The trendy kid today is called "swagger", although many of those who are swaggers don't know what swag means (SWAG=Secretly We Are Gay). Here are two examples of what SWAG looks like:

### **THE PERSON I ADMIRE MOST: PEWDIEPIE**

The person I admire the most is Pewdiepie, because he always makes me laugh. For those who don't know him, Pewdiepie is a youtuber and gamer, which means that he makes videos doing funny stuff on the camera or plays games and comments on them at the same time. Many say that he is not talented, as everybody can do what he does and make money, but I disagree, because it is not easy to spend many hours every day on a video that lasts five to twenty minutes, and in addition to make people laugh. He has actually won a Guinness World Record for the most subscribers in the world (30,000,000 or so).

Here are some of my favorite of his videos:

He has also played many horror games. If you want you can check out by yourselves.

### **MY DAILY ROUTINE**

My daily routine is more or less boring. The days of the year that I have school, is like that:

- I wake up at 7 am
- I have my breakfast
- I listen to some music
- I get ready for school , prepare my bag and meet my friends
- Together we go to school and get bored there till 2 pm
- Then I go home, eat something and go for listening from 3 to 4pm
- Then I study both for school and English lesson
- Go to my English lesson from 9 to 11pm
- Study more
- Sleep

(Thank God some days of the week I don't have to go to my English lesson)

Throughout holidays:

- I wake up at, let's say, 11 or 12 am
- I only drink milk
- Spend the rest day on the computer watching series, movies, or videos, or playing games till I get hungry
- I get out with my friends (not every day)
- Come home again at 10pm and watch more movies on the computer
- At about 2 am, I go to bed

That's my daily programme!

My life is pretty much boring, I don't do many things throughout the day and I don't have many interests. But that's all about me.

### QUESTION TIME

Now may I ask you some stuff?

First up, in your schools do you still use books or you use technology?

How do the newest mobile phones look like? Ours look like that

Do you use any flying cars in your transportation?

How's the fashion like in the future?

Do you have to do as much homework as I do or things are a little bit better on that issue?

Do you have normal walls in your houses or are they full of screens?

Does anybody know: Justin Bieber (he's a singer), minecraft and happy wheels (these are games)?

Does anybody use Facebook?

Do you learn about us in the history lesson?

That' all!

Yours,

Anna Chatzaraki
