

Winnica, 17.09.2014

Hello!

My name is Wiktorica. My middle name is Mania and friends call me that. I live in Winnica, This is a small village near Legnica in Poland. I'm fourteen, I go to school in Mecinka. I really hate school. I go there five days a week. Lessons start at 8 o'clock. I have fourteen subjects, for example Math, Polish, Biology, Religion, Geography, Music and Physical Education. I learn two languages: English and German. I don't like German because it's difficult for me. I think that English is more useful.

My favourite type of music is REGGAE. I love listening to Bob Marley and some Polish bands.

I often cook and bake cakes. I really love it! In the future I want work in a restaurant. I like reading books. I have a dog. His name is Bruno. I think that dogs are the most beautiful animals in the world.

They are better than some people. Once people were smarter than now. I think that is the fault of the Internet and other inventions.

Nevertheless I wish you good life in the future.

Love, Mania ☺

I LOVE
REGGAE!
